**SUBMITTAL CHECKLIST FOR A GENERATOR PERMIT**

1. \_\_\_ Building Permit Application (with Parcel ID)
2. \_\_\_ 3 current site plans showing:
  - a. Existing structures and proposed location of new generator
  - b. Location of generators fuel source and type of fuel to be used.
3. \_\_\_ 3 copies of Manufacturers Specifications and equipment list.
4. \_\_\_ 3 copies of an itemized list of the electrical loads and/or circuits to be served, including any motor loads using motor startup current.
5. \_\_\_ 3 copies of a diagram of feeders, including the size and type of conductors to be used.

If it is necessary for the electrical service to be de-energized, or if access is required inside the meter socket enclosure, the homeowner or installer must contact FPL to arrange for disconnection of the electrical service. The toll-free number for FPL is 1-800-226-3545.

**PLEASE NOTE** that the City of North Port must approve the work before FPL will restore power to the premises.
