PROVIDE 4 COPIES OF THIS DOCUMENT:

The Utility Department will determine the location of all Commercial Backflow Preventers. Residential Backflow Preventers are to be installed as close to the meter as possible on Utility Customer Property. In no case may Backflow Preventers be installed in the City Right of Way. Other installation locations must be approved by the Utility Dept. prior to Application submittal. The Building Division Plumbing Inspectors will approve installation when complete. The Inspection Type is Code 411 – *Plumbing Backflow Device*
