City of North Port Parks & Recreation Community Needs Assessment Survey

Share Your Voice, Shape Our Future!

Introduction

We Heard You—Now Help Us Shape What's Next!

In our last Community Needs Assessment, you shared your priorities—and we listened.

You asked for better infrastructure and updated facilities—we delivered with the replacement of three playgrounds, sports court resurfacing, a new restroom at Marina Park, and the addition of the Myakkahatchee Creek Greenway Trail.

You emphasized the importance of environmental conservation—we launched the Go Green with Parks initiative, continued our BioBlitz programming and began discussions for a conservation easement at Warm Mineral Springs Park.

You wanted more diverse recreational opportunities—we've added almost a dozen new programs to meet the community needs such as; Kids Day Out, Adult Archery and T-Rec Active just to name a few. A new Parks Master Plan is in the works to explore the latest trends and future activities that meet our community's evolving interests.

Now, we're checking back in to hear from you again. Your input will guide our next steps—whether that's adding new amenities, enhancing programs, or reimagining how our parks serve North Port.

The survey will take approximately 10-15 minutes to complete and your input will help us continue building a parks and recreation system that reflects your needs and ideas. Thank you for being part of the conversation—we're excited to keep growing with you!
