CITY OF NORTH PORT

GENERAL INFORMATION

Profile of the Government

The City of North Port, incorporated on June 18, 1959, is located in the western part of the state which is considered to be the top growth area in the state. The City is managed under a Commission—City Manager form of government. The legislative and governing body of the City is a five-member Commission led by a Commission Chairperson. Each commissioner is elected to a four-year staggered term with a limit of two consecutive terms.

The present Commissioners and their terms are as follows:

Commissioner	Term Began	Term Ends
Rue S. Berryman	November 1998	November 2006
Richard A. Lockhart	November 2000	November 2008
Barbara L. Gross	November 2000	November 2008
Vanessa Carusone	November 2002	November 2006
Fred E. Tower III	November 2004	November 2008

Appointed by the Commission, the City Manager is the Chief Administrative Officer of the City. As Chief Administrative Officer, the City Manager hires all other City employees with the exception of the City Auditor, the City Attorney, the City Clerk and the Deputy City Clerk who are appointed by the Commission. All other departments of the City are under the supervision and control of the City Manager.

The City of North Port provides a range of municipal services. The public safety operation includes police and fire protection as well as building inspections, code enforcement and zoning. Recreational services include neighborhood parks, skate park facility and a recreational center. Public Works provides the essential street and highway maintenance, signalization, landscape maintenance and solid waste collection. Water and Sewer Utilities provide water and sewer service and reclaimed water for irrigation. Other services provided include planning, engineering, community development and general administrative services.

The annual budget serves as the foundation for the City's financial planning and control. Generally, North Port uses a modified accrual method, which is considered conservative, because it recognizes revenues when they are measurable and available and expenditures are recognized when the related liability is incurred. All departments of the City are required to submit request for appropriation to the government's Finance Director each year. The Finance Director uses these requests as the starting point for developing a proposed budget. Then, the City Manager presents the proposed budget to the Commission for review. The Commission is required to hold public hearings on the proposed budget and adopt a final budget no later than September 30th, the close of the City's fiscal year. The appropriated budget is prepared by fund, function and department.

Factors Affecting Financial Condition

The information presented in the budget is best understood when considered from the broader perspective of the environment in which the City operates. Financial condition reflects the City's existing and future resources and claims on those resources. Information useful in assessing the financial condition includes a summary of the local economy, current and planned City capital projects and acquisitions, cash management and investment practices and risk management policies.

Local Economy

The City of North Port is the southernmost city in Sarasota County midway between the cities of Sarasota and Fort Myers near the Gulf of Mexico. Comprised of 103 square miles and 939 miles of paved road, North Port is the third largest city in the state in size and is the second largest municipality in population in Sarasota County.

Over the past ten years, the total number of new home and multi-family permits showed continual growth. However, the total permits in fiscal year 2006 are 3,711, a decline of 12%. Below is a chart depicting the residential permitting growth in North Port for the past ten years.

Year	Permits
2006	3,711
2005	4,169
2004	3,103
2003	1,859
2002	1,463
2001	1,042
2000	848
1999	621
1998	630
1997	425

In 2006, the City population was estimated at 48,000. The estimated "median" age of a city resident is 38 years old with an average of 2.3 persons per household. Owner occupied homes make up 88% of the housing stock while the remainder is renter occupied. Approximately 4% of the housing stock is unoccupied for reasons such as seasonal use, recreational use, under transitional ownership or other such reasons.

Through a combination of good planning and fortuitous circumstances, North Port has found itself in a very favorable position to develop its economy for the benefit of growing companies. Although the City has doubled in population in the past ten years, only 10% of the City's land base is currently occupied. Over the past five years, several new industrial and commercial parks have been constructed.

Current and Long-Term Initiatives

For fiscal year 2007, the City decreased the tax rate to 3.30 mills. Local taxes make up approximately 60% of the General Fund revenues, excluding transfers and fund balance. Construction of a new city hall and police station was completed in 2006. The following departments moved operations to the new building: Commission, City Manager, City Clerk, Finance, Utility Billing, General Services Administration, Human Resources, Information and Technology, Purchasing, Building, Planning & Zoning and Engineering.

On the education front, construction of the new LaMarque Elementary School was completed and opened its doors for students on August 7, 2006. Due to the continuing rapid growth of the city, the Sarasota County School Board will be looking to add more new schools in the future. A second middle school will begin construction this year with plans to open August, 2008.

The City of North Port's Capital Improvement Program (CIP) consists of capital projects that reflect the City's infrastructure needs over a five-year time frame and includes assets with long-term value, such as buildings, roads and parks.

Projects planned for the future of the City include:

- **Reconstruction of Sumter Blvd. and Toledo Blade Blvd. to four-lane roads in order to maintain the adopted transportation level of service.**
- **Road construction and improvements to meet the challenge of extensive growth of the City.**
- **Construction of several pedestrian bridges.**
- **Building of three new fire stations to meet the City's public safety needs.**
- **Construction of a fire and police training facility.**
- **Construction of a Social Services building.**
- **Increasing the water supply through use of an aquifer storage and recovery (ASR) well.**
- **Development and construction of a new neighborhood park along Pan American Blvd.**
- **Construction of the Garden of the Five Senses, a unique park and possible tourist attraction.**
- **Construction of a community park east of Toledo Blade Blvd.**

Cash Management

The primary objective of the City's investment program is the preservation of capital. Investment transactions are managed so as to avoid loss of principal, whether by security default or by erosion of market value.

Generally, a minimum amount of operating capital is kept at the local bank which also provides compensating balances for services. An overnight repurchase arrangement is used to earn interest on the local funds. The remainders of our funds are invested according to the City's investment policy which is adopted by the Commission and can only be amended by the Commission.

Investable money is managed through a contractual arrangement with an investment advisor. The investment advisor assists the City in finding appropriate and legal investments to ensure the safety and necessary liquidity of the City's financial resources.

Risk Management

The Human Resources Department is responsible for the administration of the City's group health plan. This plan includes health, dental, vision, life and disability benefits. Employee premiums are paid by the various operating departments based on projected costs for the program. Employees who elect dependent coverage must participate in the costs of providing this insurance. The Risk Management Division of the Human Resources Department is charged with administering the City's employee safety programs including training, accident monitoring, safety equipment approval and safety committee oversight.

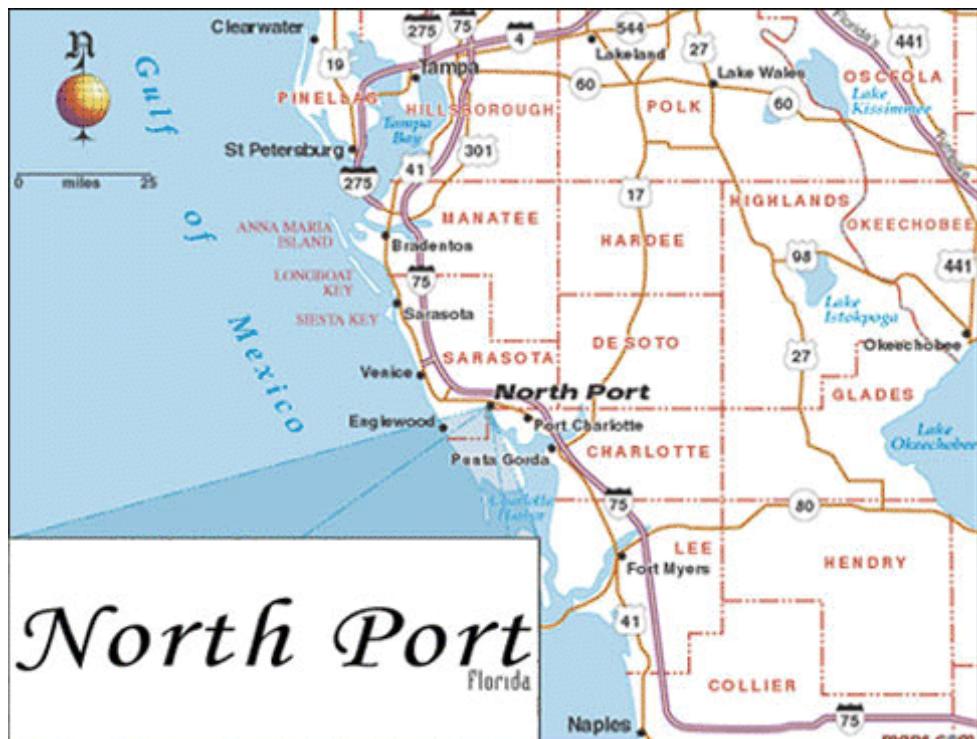

Public Risk Management of Florida provides general liability, workers' compensation, automotive liability and property insurance to the City.

The Risk Management Division's philosophy is to take a proactive approach to prevent losses due to personal injuries and property damage by establishing communications with all departments within the City regarding accident prevention.

Pension Plans

The City of North Port has three pension plans covering all full-time employees after meeting appropriate age and service requirements. They are the Florida Retirement System, the North Port Police Officers' Pension Trust Fund and North Port Firefighters' Pension Trust Fund. The Florida Retirement System is administered by the State of Florida and is available to general employees. The North Port Police Officers' and Firefighters' Pensions are administered by a Board of Trustees and the pension boards are also responsible for investment management of the funds.

Assets are held separately and may be used only for the payment of benefits to the members and administrative expenses of the respective plans. Benefits vary depending on the particular membership in the plans. The City administration and the Pension Boards closely monitor the future costs of both benefit improvement and changes in retirement trends of employees. Recommendations of the actuaries and fund performance monitors are carefully considered and the City takes appropriate measures to ensure the actuarial soundness of the pension plans.

HISTORY OF NORTH PORT

Incorporated in June 1959, North Port had 87,000 residentially platted lots and 200-plus acres available for commercial development in their 76 square miles. Recent voluntarily annexed parcels raise our acreage to nearly 103 square miles, offering significantly more space for further residential and commercial development. The population today is over 41,000. Population is expected to reach 56,287 by 2010, just a few short years away. North Port's median age has dropped from 48.7 to 40.8 in ten years, due in large part to our excellent school system.

The semi-tropical climate and nearly perfect weather conditions lend themselves well to North Port's comfortable leisurely style of living. Vegetation abounds and even novice gardeners maintain beautiful lawns and flower gardens. The area's many canals and lakes are sources of pleasure for fishermen and boaters.

North Port

When incorporated in 1959 by General Development Corporation, the city was originally called North Port Charlotte. Starting with only 23 residents, the growth has been phenomenal over the past 40 years. In the beginning the entire community was owned by the developer. There were no churches, postal service, or telephones. Simple life amenities such as food, clothing or banks had to be found in the nearby municipalities of Venice, Sarasota, Port Charlotte or Punta Gorda. Though seemingly a "pioneer-like" lifestyle, people flocked to the area in large numbers. North Port is now 47 years old with a population of over 41,000.

Early Government

The first governing board of North Port Charlotte was a group of General Development employees. The first mayor was elected in 1963 and eleven years later, in 1974, the city's name was changed to North Port. In 1984 the North Port voting citizens chose to switch to the city manager system of government. The mayor and the city commissioners' roles became legislative with the mayor's position eliminated in 1991. Thus North Port adopted the five city commissioners/city manager form of government.

The Community

The First Baptist Church was the first house of worship to open in North Port and for two years prior to having their own facility; services were held in the Community Center. Soon other churches appeared. Today there are approximately three dozen houses of worship to meet the spiritual and social needs of the residents.

Community organizations began as the population blossomed and people longed to experience an involvement with their community. Not long after the Friends of the Library had organized its first library location, it expanded its goals to include building a large library

that opened in 1992. This group has now set its sites on a second North Port library, in the New City Center area or Toledo Blade corridor, within the next 10 years. The arts flourished as the North Port Chorale formed in 1980 and the Concert Orchestra in the following year. The North Port Concert Band also offered lively concerts at various locations. The three musical groups make up the North Port Performing Arts Association and offer a full season of concerts at the North Port Performing Arts Center, located at the North Port High School.

Since 1980, North Port has built three elementary schools, a middle school and a high school.

A newly revitalized North Port Area Art Guild is contributing to the life of the community by developing opportunities for artists and craftspeople throughout the community. As growth continues and the community evolves, North Port too will grow and evolve in all areas of community life. We are proud of our heritage.

Business & Industry

As North Port continues its exceptional growth, doubling its population in a 10 year period, the residents require more services. Existing businesses in North Port are predominately service oriented, meeting those needs. However, new development is expanding North Port's economic base. Trott Circle is a small business park located just off Pan American Blvd. near U.S. 41 that provides the location for many businesses. Florida Power & Light became the anchor in a light industrial area on Toledo Blade Blvd. in 1996. The North Port Park of Commerce now has 140 acres of office/industrial space under development in this area. Three new companies have opened in the past year, five are under construction, two are in permitting, and there are many more projects in the pipeline. In addition to the development taking place in commerce parks and commercial office/retail areas in the Toledo Blade Blvd. and Sunter Blvd. corridors, there are large acreage parcels available for development or further subdivision.

The City of North Port is a full service city offering solid waste, water, sewer, fire, EMS, and police services. North Port has been awarded Blue Chip Status by the Florida Department of Commerce. In addition to recognizing the labor force in North Port, the state acknowledges the city's access to training programs for that force, its generous supply of properly zoned land, its more than adequate utilities, and its desirable housing and quality of life.

Residential construction is North Port's primary industry, with new housing permits being pulled at a rate of approximately 700 per year. Currently there are over 600 occupational licenses issued to businesses with storefronts and over 1,000 certificates of competency issued to contractors in the city. The North Port Area Chamber of Commerce also manages the North Port Better Business Department. They process public complaints about businesses doing business in North Port, and also provide reference information to prospective business customers.

Though still a small town, North Port is an extremely active community. In addition to the activities of the North Port Orchestra, North Port Chorale, North Port Concert Band, and the North Port Area Art Guild previously discussed; the Chamber, schools, churches and local service groups hold a variety of events throughout the year.

City of North Port Demographics

Geography

The City of North Port occupies 103 square miles of southeast Sarasota County midway between the cities of Sarasota and Fort Myers, near the Gulf of Mexico. North Port is one of the largest Florida cities in land area but is only 10 percent populated – plenty of room for growth!

Climate

Although North Port is inland, our weather is influenced by the Gulf of Mexico. The average annual temperature of 76 degrees makes year-round living a pleasure and the City is host to many seasonal residents as well.

Transportation

North Port encompasses fourteen miles of Interstate I-75 within its boundaries. It has two international airports within 45 minutes making the City accessible to most major markets.

Population

Since 1980, North Port's population has grown 120% making it one of the fastest growing cities in Florida and insuring businesses plenty of workers and consumers, now and in the future. The following is the history of population growth in North Port:

YEAR	POPULATION	SOURCE
1960	178	US Census
1970	2,244	US Census
1980	6,205	US Census
1990	11,973	*
1993	13,591	*
1994	14,282	*
1995	15,161	*
1996	15,905	*
1997	16,708	*
1998	17,672	*
1999	18,749	*
2000	22,797	US Census
2001	25,234	*
2002	27,448	*
2003	31,352	*
2004	35,721	*
2005	40,100	*

***Estimates provided by the University of Florida Bureau of Economic and Business Research (BEBR). NOTE: The figures above represent the City's estimated residential populations. Seasonal population can represent up to a 30% increase over resident population numbers.**

Environment

North Port has an unspoiled natural environment where wildlife flourishes among 95 miles of freshwater canals. North port is also the only city in Florida that contains a state forest (Myakka State Forest) within its corporate boundaries.

Recreation

North Port offers a multitude of recreational opportunities such as golfing, fishing, horseback riding and canoeing.

Utilities

North Port owns its water and wastewater utilities providing reliable, low-cost services.

Education

North Port is served by a top-notch public school system, a community college less than five miles away and three four-year institutions within a 60-mile radius.

Taxes and Fees

North Port offers some of the lowest development fees in the state and some of the lowest property taxes in the Southwest Florida region.

Employment

Over the years, North Port has consistently had a healthy and growing economy with the unemployment rate remaining below five percent annually.

Construction

Residential building permits increased from an average 71 per month in 2000 to 347 per month in 2005, almost a 400% increase and a sure sign of continued growth and prosperity.

Government

North Port is a fiscally conservative City dedicated to providing excellent services at a low cost.

Economic Development

The North Port Florida Advantage

The City of North Port is located on Florida's Gulf Coast midway between Tampa and Naples.

Through a combination of good planning and fortuitous circumstances; North Port has found itself in a very favorable position to develop its economy for the benefit of growing companies. Only ten percent of the City's land base is currently occupied, although the City has doubled in population in the past ten years. A number of new industrial and commercial parks, including a GTE Smart Park, have been constructed over the past five years offering costs that are competitive with any in the region (a region which itself is known for low costs).

Why North Port?

As a result of a number of forward thinking decisions made over the past five years, North Port has established itself as an efficient, cost-effective business location. Among North Port's advantages:

- **Two exits on I-75 with business and industrial parks located within ½ mile of the Interstate.**
- **A growing population, currently increasing by 10% per year.**
- **The youngest workforce in southwest Florida, a median age of 40 years.**
- **Convenient access to three major commercial airports (Sarasota-Bradenton, Fort Myers and Tampa).**
- **The University of South Florida and Manatee Community College, a pioneer in the area of workforce development are located on the City's west boundary. The new \$55 million North Port High School was completed in 2001 (the first high school completed in Sarasota County in the past 45 years). The North Port Middle School was completed in the fall of 2003. The Sarasota County School Board has plans to construct a new school in North Port approximately every two years until at least 2015.**
- **Housing prices considerably lower than most in the region, ensuring a growing population and workforce.**

City of North Port

BUDGET

OVERVIEW

City of North Port

Office of the City Manager

4970 City Hall Boulevard

North Port, Florida 34286

www.cityofnorthport.com

(941) 429-7000

October 1, 2006

To the Citizens of the City of North Port:

The budget remains consistent with the City's financial objective of delivering quality services while remaining fiscally responsible to our citizens. Throughout the financial planning process, we were focused and diligent in listening to the community and the Commission, and responding to their needs. Our plan is centered on creating value and achieving community outcomes in an accountable and measurable way. This budget reflects the priorities for the City of North Port to build community pride, strengthen confidence in our public safety entities and enhance the quality of life for our citizens. The financial discipline and foresight of the City Commission has provided us the flexibility by which we can respond to the ever changing demands of a growing city. In response to those demands, our Fiscal Year 2007 Budget of \$154,852,258 reflects a 39% increase over the Fiscal Year 2006 Budget of \$111,476,983. Although the budget reflects a substantial increase, the ad valorem tax rate decreased from 4.90 to 3.30 providing a tax savings for our citizens.

Through the reallocation of resources and prioritization of spending, we will be adding 103 new positions to the City staff. The major increases in staff are in the Police Department (26), Parks and Recreation Department (20) and the Road and Drainage District (15). These positions, along with the creation of a Building Enterprise Fund underscore our desire to put City government in a position to lead the most exciting period of growth our community has ever experienced.

The public safety of our citizens remains at the forefront of our priorities. Last year we added 25 new positions to the Police Department to support the population growth demand. This year, we will continue to enhance our public safety departments in a variety of ways. In the Police Department, this includes additional staff; replacing police vehicles that have outlived their usefulness; buying new, fully equipped police vehicles to coincide with the additional staff; installing wireless connectivity for police vehicle laptops allowing officers in the field to connect to the Records Management System and installing Police to Citizen Software providing the citizens the ability to retrieve copies of police records anywhere in the United States via the internet. In the Fire Rescue District, the rebuild of Fire Station #2 at North Port Boulevard will address the new growth needs of the area. In addition to a staffing level increase of ten

people, a second Ladder/Pumper Apparatus with 75 feet capability will be purchased to meet ISO requirements based on the growth needs of our City.

North Port residents will also notice quality of life improvements throughout the City's transportation infrastructure, including several miles of road rehabilitation to improve road conditions, new traffic signals to improve traffic flow and sidewalks to enhance pedestrian safety especially near the schools. Also, the City has assumed responsibility for the majority of the park system, leading to an increase in staff from ten to 30 employees. Several projects within the Parks and Recreation Department are slated for completion, including the facility expansion of one lighted softball field at the Narramore Sports Complex; the addition of Little League baseball fields at the Community Park to accommodate growth; the continuation of development of the Garden of the Five Senses and the land acquisition and development of the Myakkahatchee Creek Corridor to preserve the natural beauty of the creek and to deal with the possible effects of flood damage.

State legislation has defined a requirement for building permits to be used solely for the operation of the building inspections. Therefore, the City has created an enterprise fund for all enforcement of the Florida Building Code (FBC). This allows for better accountability of expenditures and tracking processes. With the creation of the Building Enterprise Fund, there is a significant reallocation of revenues from the General Fund to the Building Enterprise Fund. However, due to the growth and development in our City, we will continue to experience an expansion of our tax base, leading to a growth in the City's assessed value and subsequent increase in property tax revenue.

Finally, I would like to take this opportunity to thank the City Commissioners and Department Directors for their support, willingness and cooperation in the budget process and to all employees for implementing the policies of the City Commission. I look forward to working with each of them to continue addressing the challenges we face as we strive to ensure that North Port remains a great city in which to live, work and play. This report represents countless hours of preparation and could not have been accomplished without the dedicated efforts of the Finance Department. A special note of appreciation is extended to these employees.

Sincerely,

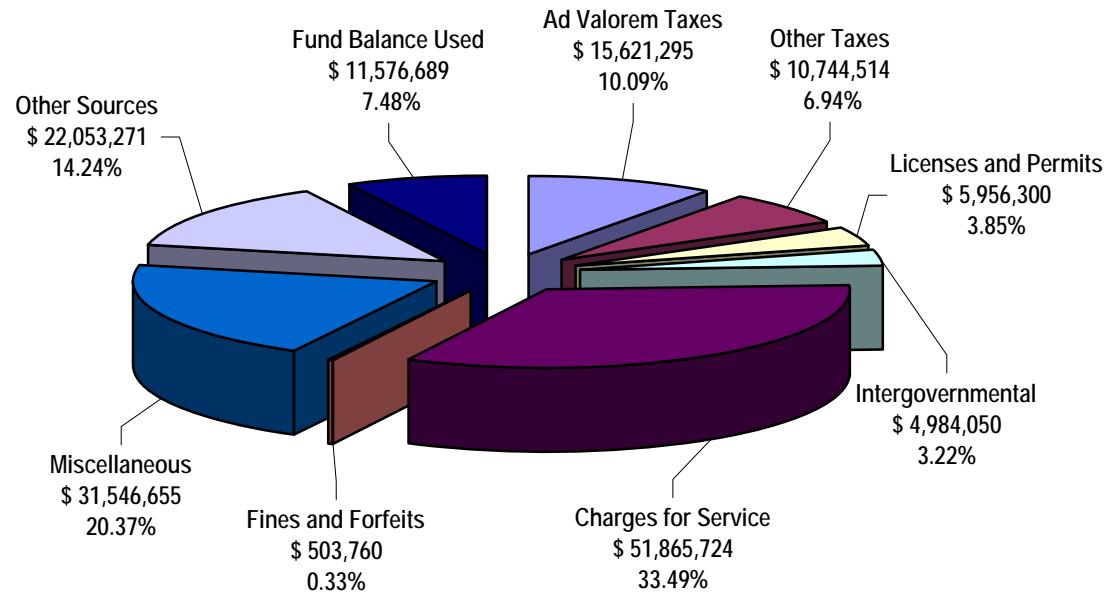

Steven S. Crowell, Jr.

City Manager

GOVERNMENTAL FUNDS

2005-2007 SUMMARY OF FINANCIAL SOURCES AND USES

Governmental Funds are used to account for governmental activities focusing on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

PROPRIETARY FUNDS

2005-2007 SUMMARY OF FINANCIAL SOURCES AND USES

Proprietary Funds are used to account for business-type activities. The City maintains two types of proprietary funds- enterprise funds and internal service funds. An enterprise fund is used to report the functions presented as business-type activities. The City uses enterprise funds to account for its Water and Sewer Utilities and its Building Inspections and Permitting. The City's internal service fund accounts for the cost related to employees' health care and disability insurances.

City of North Port Fiscal Year 2007 Adopted Annual Budget

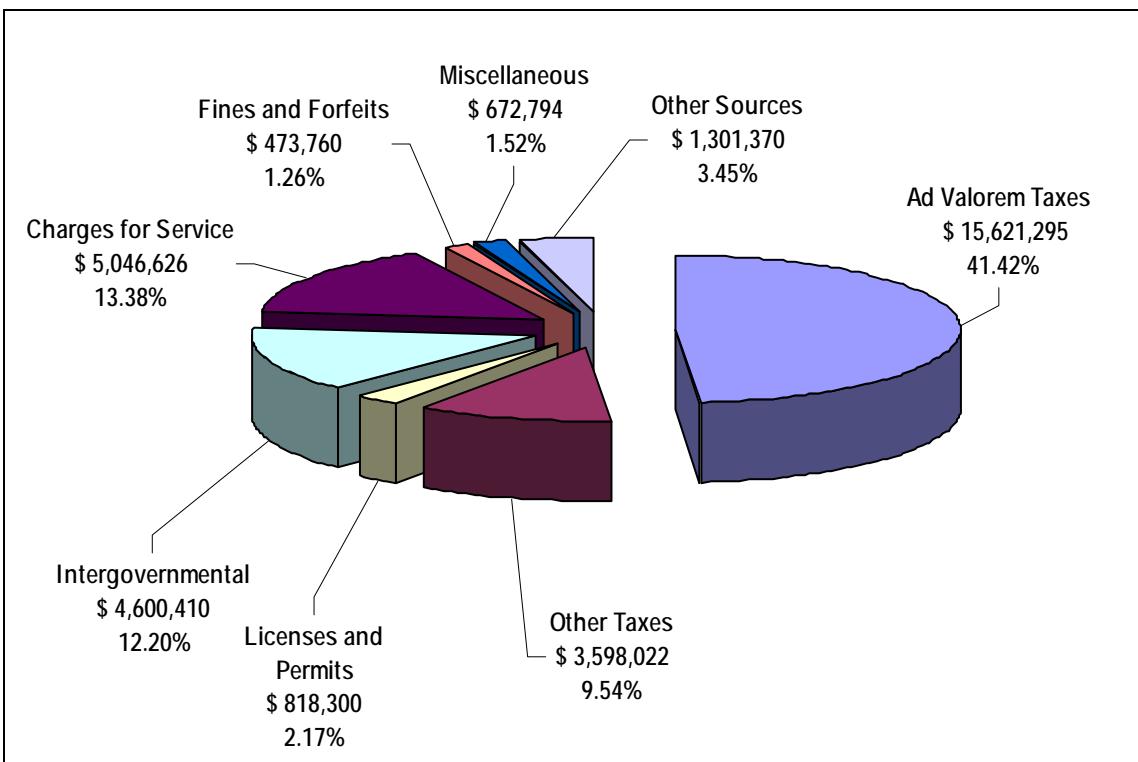

General Fund Revenue Analysis – continued

Florida counties and municipalities have limited revenue sources. County and municipal tax sources are restricted by the Florida Constitution and by the Legislature. North Port utilizes most of the allowable revenue sources. However, there are still several options available should the City determine the need to raise revenue. Some of these options include increasing property taxes (limited to a maximum of \$10 mills by state mandate); increasing utility taxes, charging for services which currently are provided at low or no cost and adding water to the current utility tax structure.

Revenue in the General Fund is separated into seven categories: Local Taxes, Licenses and Permits, Intergovernmental Revenue, Charges for Service, Fines and Forfeitures, Miscellaneous Income and Fund Balance/Transfers.

For Fiscal Year 2006-2007 (abbreviated to FY 2007 throughout this document), the budgeted revenues are \$37,813,047 which includes an appropriated fund balance of \$5,680,470. The following graph summarizes the General Fund Revenue by Source, excluding transfers and fund balances.

City of North Port Fiscal Year 2007 Adopted Annual Budget

General Fund Revenue Analysis – continued

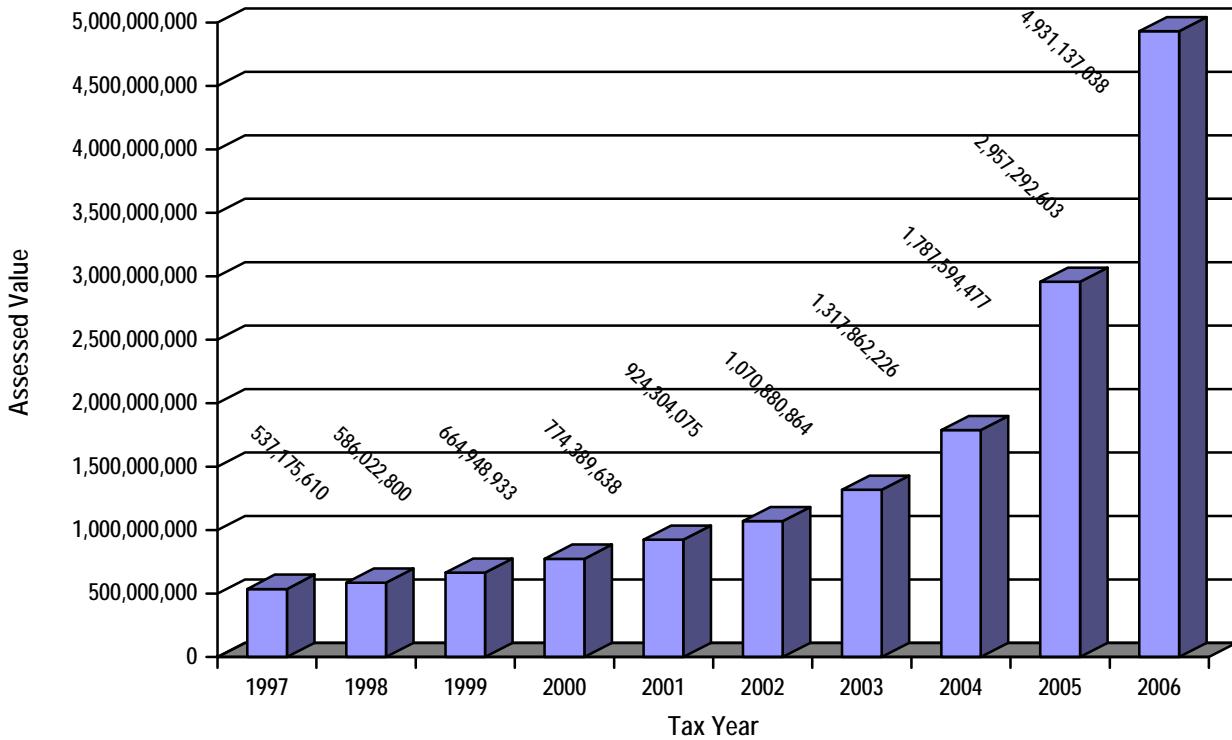

Local Taxes

The City of North Port's primary revenue source is the local tax base. Local taxes, totaling \$19,219,317, make up 60% of the General Fund revenues, excluding transfers and fund balance. At this time, the City's reliance on the local tax base is not of major concern due to the continued growth. However, it will become more important to improve the tax base diversification from a heavy residential base, as well as, diversifying the overall revenue stream.

Ad Valorem Taxes are taxes on property within the City of North Port. The County Property Assessor is responsible for assessing property within the City. Florida Statutes require the Assessor to provide a timely estimate of property values to the City to aid in the budgeting process. By July 1st, the City receives a preliminary assessment from the Assessor with a final assessment by the beginning of October. Generally in November, the Value Adjustment Board meets to address any complaints by property owners which can subsequently lead to modifications of the final assessment. By the end of January, the City will be notified of any adjustments made by the Board.

For FY 2007, the final assessed value of all properties within the City is \$4,931,137,038 reflecting a 67% increase in assessed value over 2005. The chart below shows the growth in taxable value over the past ten years.

Gross Taxable Value - Ten Year History Trend

City of North Port

Fiscal Year 2007 Adopted Annual Budget

General Fund Revenue Analysis – continued

For FY 2007, the millage rate is reduced to 3.3 or \$3.30 per one thousand dollars of property value. The following chart shows the millage rates for the past ten years.

<u>Fiscal Year</u>	<u>Millage Rate</u>	<u>Increase (Decrease)</u>
2006-2007	3.3000	(1.6000)
2005-2006	4.9000	0.0000
2004-2005	4.9000	(0.1000)
2003-2004	5.0000	0.5000
2002-2003	4.5000	(0.0500)
2001-2002	4.5500	(0.1000)
2000-2001	4.6500	(0.1500)
1999-2000	4.8000	(0.1000)
1998-1999	4.9000	(0.1000)
1997-1998	5.0000	

Based on this rate, the City expects to collect a maximum of \$16,272,752. In accordance with Florida Statutes, the City reduces this projection by five percent to allow for uncollected funds and pre-payment discounts. Therefore, for FY 2007, the adopted budgeted amount for ad valorem taxes is \$15,459,114.

As part of the budget process, the City is required by Florida Statutes to advertise the *rollback rate*. The *rollback rate* is the millage rate that would provide the same amount of taxes as the previous year, excluding new construction. This year's *rollback rate* is 3.22. The adopted millage rate of 3.3 represents a three percent (3%) increase over the *rollback rate*.

Electric Franchise Fee, Local Communication Service Tax and Electric Utility Service Tax

Until October 2001, the City of North Port assessed non-exclusive Franchise Fees for the primary Electric, Telephone and Cable Television companies. However, due to the State of Florida's new Simplified Telecommunications Tax, effective October 2001, the City no longer collects Telephone or Cable Franchise Fees. These fees are considered to be included in the Telecommunication Tax, explained in the following paragraph. The Electric Franchise Fee remains at six percent (6%) and is expected to bring in \$1,500,000 of revenue to the City. In Spring 2000, the City adopted a gas franchise agreement with TECO Gas and the proceeds from that franchise fee are allocated to the Road and Drainage District.

Also, North Port assesses a public Utility Service Tax on electricity and telecommunication services within the City. The Electric utility Tax is budgeted at \$350,000 and is based on a two percent (2%) rate. The new Simplified Telecommunications Tax passed by the Florida Legislature established the City's telecommunications tax rate at 5.72% and is budgeted to bring in \$1,733,022 (based on Revenue Sharing population of 41,000). Please see resolution 2001-R-38 for further information.

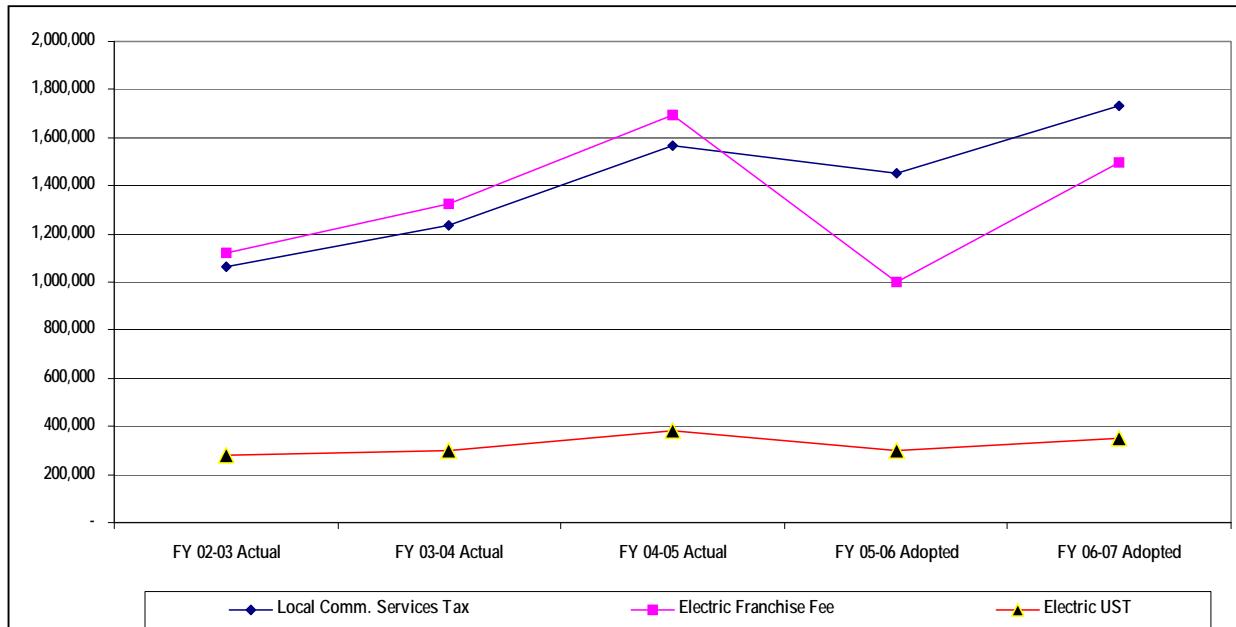

<u>Revenue Description</u>	<u>FY 2003 Actual</u>	<u>FY 2004 Actual</u>	<u>FY 2005 Actual</u>	<u>FY 2006 Adopted Budget</u>	<u>FY 2007 Adopted Budget</u>

City of North Port Fiscal Year 2007 Adopted Annual Budget

General Fund Revenue Analysis – continued

Electric Franchise Fee, Local Communication Service Tax and Electric Utility Service Tax History

Licenses and Permits

The City of North Port is budgeted to collect \$818,300 in Licenses and Permits in FY 2007. The primary revenues in this category are Occupational Licenses and Planning and Zoning Applications.

With the formation of the Building Enterprise Fund in FY 2007, the budgeted revenue from Licenses and Permits for the General Fund decreased from \$4,039,199 in FY 2006 to \$818,300 in FY 2007. The major revenues of Building Permits and Certificates of Competency Licenses are now allocated to the Building Enterprise Fund.

Intergovernmental Revenue

Intergovernmental Revenue in the General Fund is budgeted at \$4,846,660 in FY 2007. The largest source of intergovernmental revenue is the one-half cent local sales tax budgeted at \$3,723,755. This sales tax is collected within the county and distributed to municipalities based on a population formula. Projects for this revenue source are based on the State of Florida's Legislative Committee on Intergovernmental Relations. Annually, the committee prepares a bound document that includes a projection of all state-shared revenues. The information is available on the State's website, also. North Port's share of this revenue increased considerable due to the 2000 census which proved a substantial increase in the City's population. For FY 2007, the population estimate for North Port is 41,000.

The Revenue Sharing Program, commonly called the 11-Cent Cigarette Tax, provides a large source of revenue for the City. In FY 2007, the expected revenue is \$869,735. The Municipal Revenue Sharing Program includes a variety of taxes that are pooled and allocated based on a State-calculated formula. The formula's components include population, sales

City of North Port Fiscal Year 2007 Adopted Annual Budget

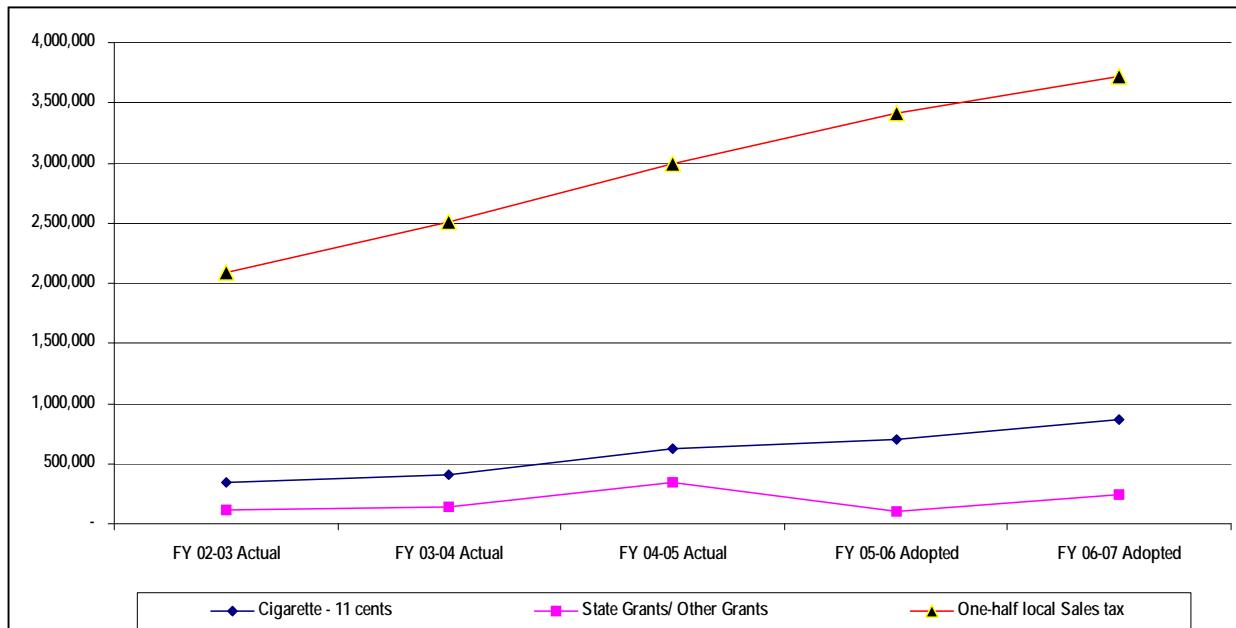

General Fund Revenue Analysis – continued

tax collections and relative ability to raise revenue. The Department of Revenue requires 28.5% of the revenue to be used for transportation. So, this amount is distributed to the Road and Drainage District and the balance of the Revenue Sharing proceeds is distributed to the General Fund. In a recent change by the Florida State Legislature, the tax formerly known as the 2-Cent Cigarette Tax was abolished and the funds were replaced within the 11-Cent Tax Program.

The budget includes \$246,250 in the General Fund for an inter-local agreement with the Sarasota County School Board which pays for half of the School Resource Officers provided by the City. The School District pays the City, monthly, for this service.

<u>Description</u>	<u>FY 2003 Actual</u>	<u>FY 2004 Actual</u>	<u>FY 2005 Actual</u>	<u>FY 2006 Adopted Budget</u>	<u>FY 2007 Adopted Budget</u>
One-half Local Sales Tax	\$ 2,085,307	\$ 2,511,301	\$ 2,997,055	\$ 3,419,513	\$ 3,723,755
11-Cent Tax	340,509	401,417	618,372	702,920	869,735
State Grants	118,436	139,152	344,592	102,395	246,250

Charges for Service

The General Fund is budgeted to collect \$4,798,376 in Charges for Service. A small portion of this is collected from minor fees such as zoning fees and copying charges. However, the primary source of Charges for Service is the Administrative Charges for services provided by the General Fund to other operating funds. For example, the Finance Department, in the General Fund, provides all accounting, check writing and payroll management to the other funds. The Administrative Charge is an attempt to recoup those costs.

City of North Port Fiscal Year 2007 Adopted Annual Budget

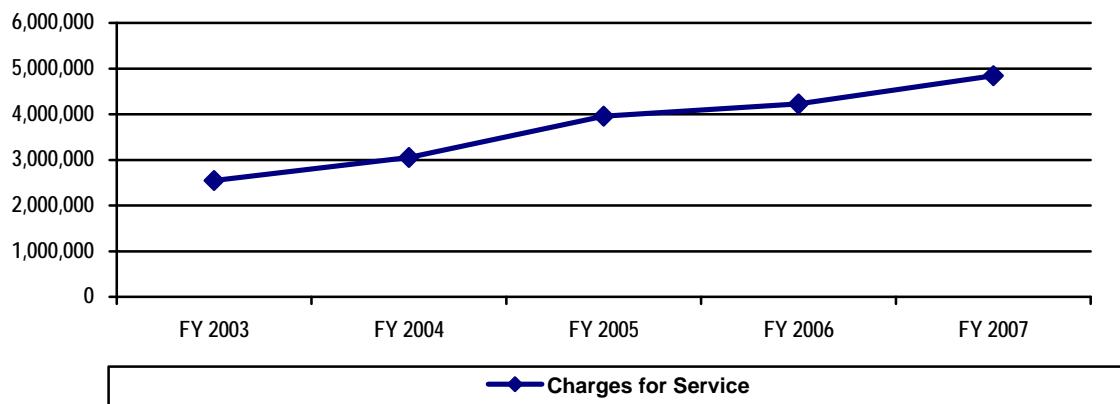

General Fund Revenue Analysis – continued

The amount charged to each fund is based on cost allocations determined by an independent firm. The firm applies a double step-down methodology in its cost allocation procedures.

Also included in the General Fund, is charges for ambulance/transportation services. The revenue anticipated from ambulatory transport services is \$800,000.

<u>Revenue Description</u>	<u>FY 2003 Actual</u>	<u>FY 2004 Actual</u>	<u>FY 2005 Actual</u>	<u>FY 2006 Adopted Budget</u>	<u>FY 2007 Adopted Budget</u>
Charges for Service	\$ 2,544,252	\$ 3,051,870	\$ 3,960,019	\$ 4,224,828	\$ 4,839,740

Fines and Forfeitures

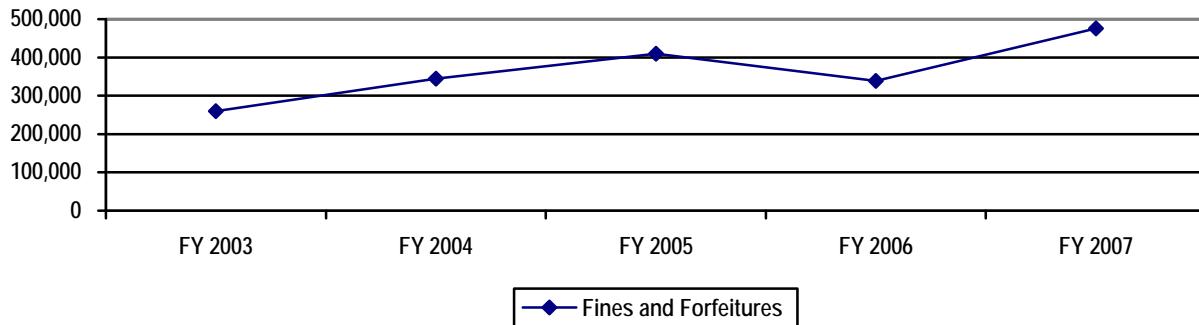

The General Fund is budgeted to receive \$475,760 in fines for FY 2007. The primary sources of fines, budgeted revenues of \$400,000, are traffic-type citations and other violation notices issued by the North Port Police Department. These revenues are collected by the Sarasota County Court system based on citations issued with a portion remitted to the City based on the violation. Other fines are for violations of local ordinances including tree ordinance violations and false alarms.

<u>Revenue Description</u>	<u>FY 2003 Actual</u>	<u>FY 2004 Actual</u>	<u>FY 2005 Actual</u>	<u>FY 2006 Adopted Budget</u>	<u>FY 2007 Adopted Budget</u>
Fines & Forfeitures	\$ 259,867	\$ 344,280	\$ 409,608	\$ 338,500	\$ 475,760

City of North Port Fiscal Year 2007 Adopted Annual Budget

General Fund Revenue Analysis – continued

Miscellaneous Income

The primary Miscellaneous Income for all funds is Interest Income. Interest Income is estimated by multiplying an assumed interest rate by projected fund balance.

Rents are budgeted at \$60,794. This includes the two tower site rentals from 1999 and the original GTE Tower rental which was originally entered into in November 1988.

Disposal of Fixed Assets is budgeted at \$2,500. The City conducts an auction of surplus property every year with a varying amount of revenue. Therefore, it is not a consistent revenue source to the General Fund. The City expects to receive donations of \$2,500 for the City's Social Services Program which will be used to offset the cost of providing emergency shelter, mortgage or utility funds to needy people.

The budget reflects a \$1,301,370 transfer in from the One-Cent Sales Tax Extension Fund (Fund 305) for the debt service on the bond issuance.

Also, the budget reflects an Appropriated Fund Balance in the amount of \$5,680,470.

The City's policy regarding the use of fund balance is as follows:

Fund Balance should only be used to purchase goods with a useful life of longer than one year, or for services that are not needed annually. Fund balance should not be used to balance the budget, nor should it be used to fund ongoing expenditures or programs. Fund balance should not be used, except in emergencies, if the use will drop it below the prescribed minimum.

City of North Port

COMMISSION

Departmental Purpose

Provides policy direction to ensure the City's identified mission.

City of North Port

Fiscal Year 2007 Adopted Annual Budget

City Commission

Description of Services Provided

- The City Commission, consisting of a Chairperson and four Commissioners, governs the City of North Port.
- They hold the responsibility of establishing overall city policy and setting the tone and direction of local government.
- The Commission accomplishes this by adopting ordinances and resolutions, adopting an annual budget, appointing the City Manager, City Clerk, Deputy City Clerk, City Attorney and establishing policies which promote the general welfare of the City and the safety and health of its residents.

Department Message

Significant Budgetary Changes:

- We have an increase of \$65,980.00 over last year's budget.
- There has been an annual increase in salary from \$12k to \$24k each, plus \$1,200 for the chairperson plus benefits.
- We will be ordering 62 frames with matting for past Commissioners and Mayors at a cost of \$1,800.00.
- Membership dues have increased over last year by \$7,010.00.
- The cost budgeted for Goal setting has been reduced from \$6,000.00 to \$2,000.00 at a savings of \$4,000.00.
- The cost of Office Supplies has been reduced by \$800.00.
- There will no longer be maintenance on a vehicle for the Commission at a savings of \$1,500.00.

Workload Measures:

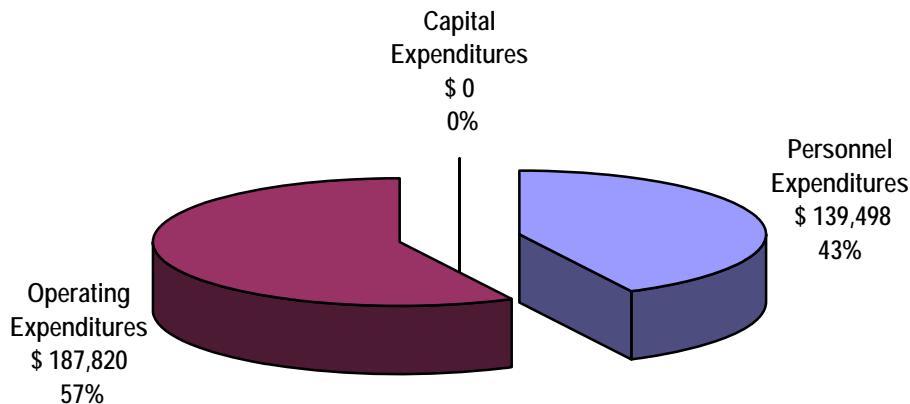

- Commission Meetings are held every 2nd and 4th Monday of the month in the Commission Chambers at City Hall. The Commission Agenda and Minutes are published on the website at www.cityofnorthport.com.

City of North Port

LEGAL

**ROBERT K. ROBINSON
CITY ATTORNEY**

Departmental Purpose
*Provides legal services
needed to accomplish the
City's goals.*

City of North Port Fiscal Year 2007 Adopted Annual Budget

Legal

Description of Services Provided

The City Attorney is responsible for representing the City acting as legal advisor and counsel for all departments and all of its officers in matters relating to their official duties. In addition, the City Attorney prepares and reviews all contracts, bonds, or all other legal and official instruments of the City and endorses each with his approval as to form and correctness. The City Attorney's Office also provides the majority of litigation services to the City of North Port.

The City Attorney's office is considered a charter office as established under Article XV of the North Port City Charter. He or she is appointed by the City Commission and otherwise performs all duties as required by Section 14.05 of Article XV of the North Port City Charter. Presently, the City Attorney operates under a two (2) year Contract, which expires in September, 2007.

Department Message

FY 2005-06 Major Accomplishments:

- Completion of the escheated lots sale and delivery of monies to the City in the amount of 33,000,000.
- Settlement of the North Port/Weber appeal negotiating their claim for attorney's claim from \$10,368.76 to \$2,500.
- Successfully negotiated preliminary settlement in the North Port/Department of Community Affairs administrative hearing together with representatives from River Road Office Park and H.M.T.A.
- Assisted Staff with completion of North Port/Charlotte Golf Partners settlement, including the submission and approval of the planned community development and conditional use application for the Sabal Trace Golf Course. Lawsuits have been dismissed.
- Negotiation of the preliminary Principles of Agreement in the North Port/4th Quarter Properties/West Villages Improvement District, which is the predecessor to the Post Annexation/Development Agreement.
- Drafted and brought to the Commission a number of ordinances, including the Curfew Ordinance, Solicitation Ordinance, update to all Advisory Boards for Youth, Road Rehabilitation Ordinance, Road Impact Fee Ordinance, and the ATV Ordinance.
- Began working with the Engineering Department and the Land Acquisition Division within the City for easement and fee simple right of way acquisition for proposed road projects, as well as many other real estate related issues.
- Successfully defended the City with regard to a substantial Public Records Request involving a death penalty appeal of Daniel Conahan and the North Port Police Department.
- Advised the City, through its first two appeals from the Contractors Licensing and Advisory Board, including Storm Safe Shutters and Unique Pool Design.
- North Port/Cintom Properties and Venice Land Clearing. Successfully put into place in cooperation with the Department of Environmental Protection a plan to completely clean up the site known as the Chipper Mill, together with rectifying all Fire Code issues and securing the repayment of the costs of fire suppression at the site.

Significant Budgetary Changes

The budget request for the City Attorney is developed by the City Attorney with assistance of the Finance Department and approval by the City Manager. The budgetary requests are based upon contractual requirements, historical trends and anticipated legal matters which may arise during the coming budget year.

City of North Port Fiscal Year 2007 Adopted Annual Budget

Legal

Department Message-continued

Significant Budgetary Changes - continued

The budget includes \$160,000 for the attorney retainer. It includes \$240,000 for non-retainer services for the City Attorney for handling hourly matters. It also includes \$90,000 for outside legal counsel for such matters as land use, labor, representation of the Code Enforcement Board, and the Contractors Licensing and Advisory Board. The budget also includes \$50,000 for outside legal counsel for litigation which may arise in the 2006/2007 budget year. The total anticipated budget for 2006/2007 as approved by the City Commission was \$545,000. The budget codes were also reorganized so that the processing and payment of bills from both the City Attorney's office as well as outside firms could be more easily accomplished.

Workload Measures:

This Department is set up solely to record the costs related to the City Attorney. Since the Attorney is an appointed position, and the position is not classified as an employee of the City, the City Commission does not track its performance measures.

This budget represents an increase over the adopted budget in 2005/06 but a decrease in the actual expenditures for 2005/06. The City is presently engaged in a greater scale of both litigation and complex development reviews requiring City Attorney participation.

The City Attorney also annually receives a performance evaluation from the North Port City Commission.

FY 2006-07 Major Goals and Objectives:

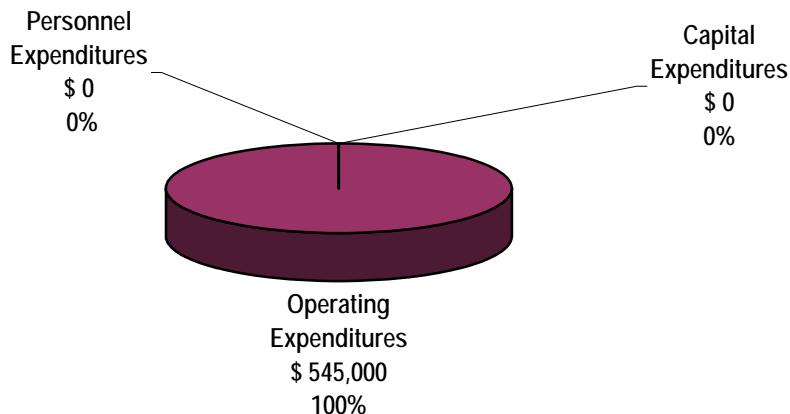

- Continue supervision of and coordination with other outside counsel with goal of cost control.
- Defend the City of North Port with regard to labor arbitrations, land use decisions, and defense of any ordinance challengers.
- Continue and improve communication with and information for Commission, Staff and citizens.
- Attend two-day training seminar on Sunshine and Public Records Laws sponsored by the Attorney General and Ethics Commission.
- Provide Commission with performance evaluations in late September, early October, with the goal of improving last year's evaluation.
- Complete remaining one (1) year on Contract for legal services with the City of North Port.
- Requisition and purchase additional equipment for the City Attorney's Office, including a fax machine and one additional computer.
- Complete and bring to the Commission the Thomas Ranch Development Agreement.
- Complete negotiations, drafting and passage of an Amended Franchise Agreement with Comcast Communications.
- Assist City Staff with completion of Utility Bond work for expansion of waste water treatment facility.
- Assist City Commission and Staff with various personnel issues, including revised collective bargaining agreements, grievances and arbitrations.
- Complete the clean-up of the Chipper Mill site.
- Assist Staff with various real estate related issues, including purchase and, if necessary, condemnation of right-of-way for transportation facilities throughout the City of North Port.
- Assist the City Commission and Staff with the development of a strategy to obtain a Certificate of Need for a hospital in the City of North Port.
- Work with Staff through the implementation of land use issues surrounding impact fee refunds and proportionate share determinations for major commercial development projects in the City of North Port.

CITY CLERK

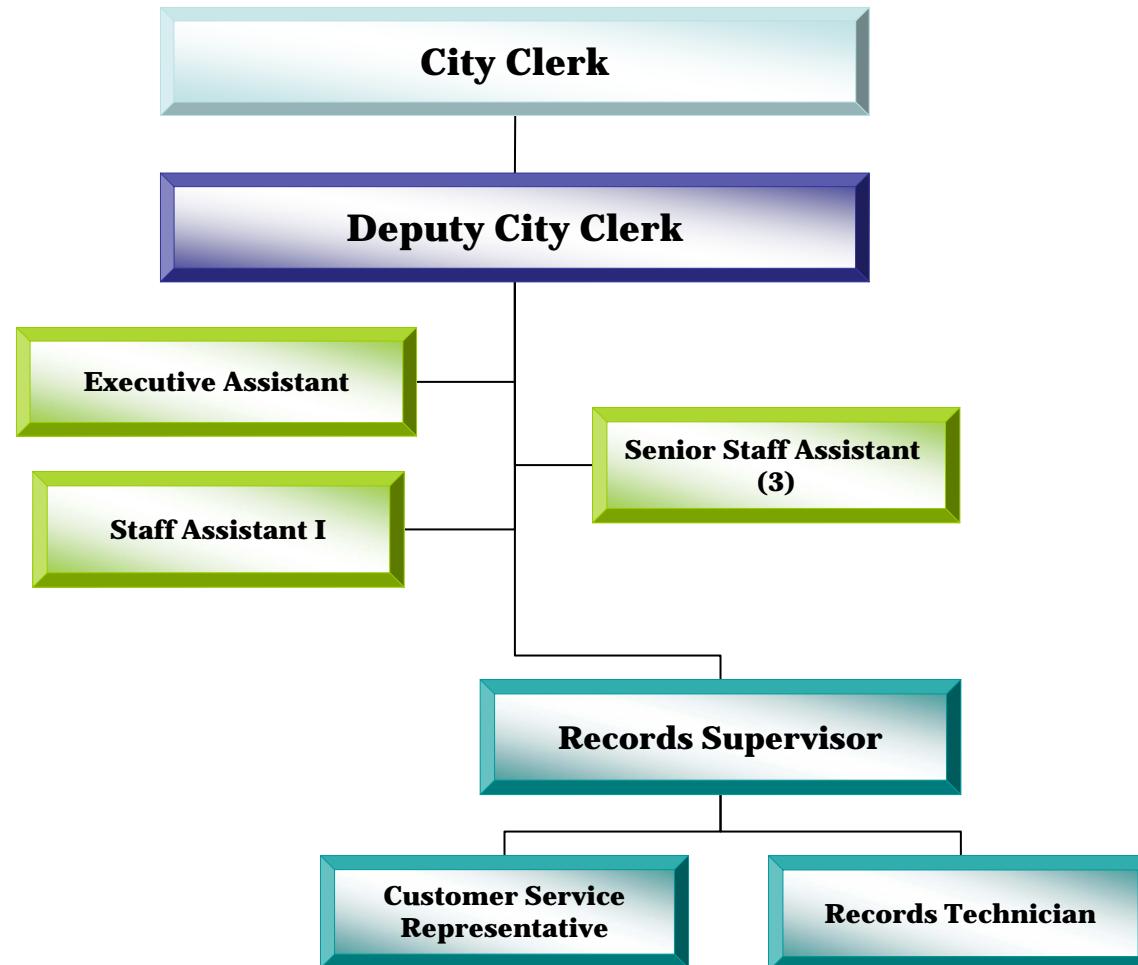

**HELEN RAIMBEAU, CMC
CITY CLERK**

Departmental Purpose
*Serves as the custodian of all
official city records.*

City Clerks Office

City of North Port Fiscal Year 2007 Adopted Annual Budget

City Clerk

Description of Services Provided

- The City Clerk's Office is the custodian of all official records of the City.
- Records the official actions of the City Commission.
- Records all official minutes for Advisory Board Meetings.
- The City Clerk serves as the election official for the City, authenticates documents, attests instruments on behalf of the City, administers oaths and countersigns warrants for payment to the City.

Department Message

FY 2005-06 Major Accomplishments:

- The closed file room is 95% complete with 745 boxes filed.
- The City Clerk's Department has prepared agendas and minutes for 57 Commission Meetings and 188 Advisory Board and Committee Meetings.
- Processed 358 Code Enforcement Cases beginning January 2006 to the present time.
- Collected \$184,823.89 from Code Enforcement Liens to date.
- Digital recording system installation has provided easier access for Commission, citizens and departments.
- Customization of the black box voting equipment used during Commission meetings has been completed.
- Paperless agenda on the web site is more user friendly for citizens to retrieve information.
- In coordination with the City Manager and the management team, the agenda process has been improved to prepare agenda items for Commission Meetings in a more timely and efficient manner.

Significant Budgetary changes:

- We have a reduction of \$71,504.00 from last years budget.
- The municipal re-codification, codebook project has been completed reducing our professional services costs by \$8,000.00.
- The closed file room has been completed reducing the professional services costs by another \$10,000.00.
- We will no longer need to transfer microfilm to scan imaging at a savings of \$10,000.00.
- We will be increasing our rental costs by \$4,265.00 to replace our old copier and fax machine with an Ikon copier and fax combination.

Workload Measures:

- Responsible for the preparing, copying and posting of agendas.
- Preparation of minutes and maintenance of permanent records of meetings of the City Commission, Boards and Committees.
- Maintenance, processing, inventory and destruction of permanent records, as required by State Law.
- Maintenance of Code Enforcement violation files.
- Responsible for receiving and greeting visitors to City Hall, directing them to the appropriate departments by phone or in person.
- Responsible as the custodian of all Official Records of all affairs concerning records of the City placed under the City Clerk's authority.

**City of North Port
Fiscal Year 2007 Adopted Annual Budget**

City Clerk

Department Message-continued

FY 2006-07 Major Goals:

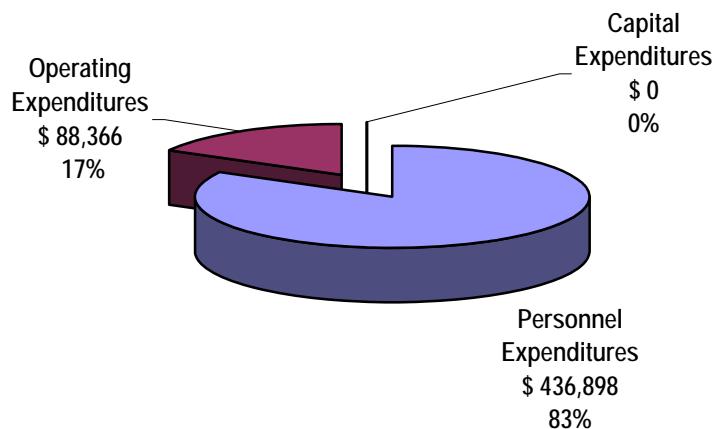

- Restructure the department so that efficiency, quality and cost savings are priority.
- Utilize all resources available to provide efficiency, quality and cost savings.
- Cross train staff for the purpose of maintaining continuous efficiency throughout the department.
- Continue in our effort to provide exemplary customer service to the citizens, Commission and all city employees.
- Continue to provide education to boards, committee members and employees regarding Sunshine laws, public records laws, and Parliamentary procedures for public meetings.
- To complete the City Clerk's department workstation.

City of North Port

FINANCE

DEPARTMENT

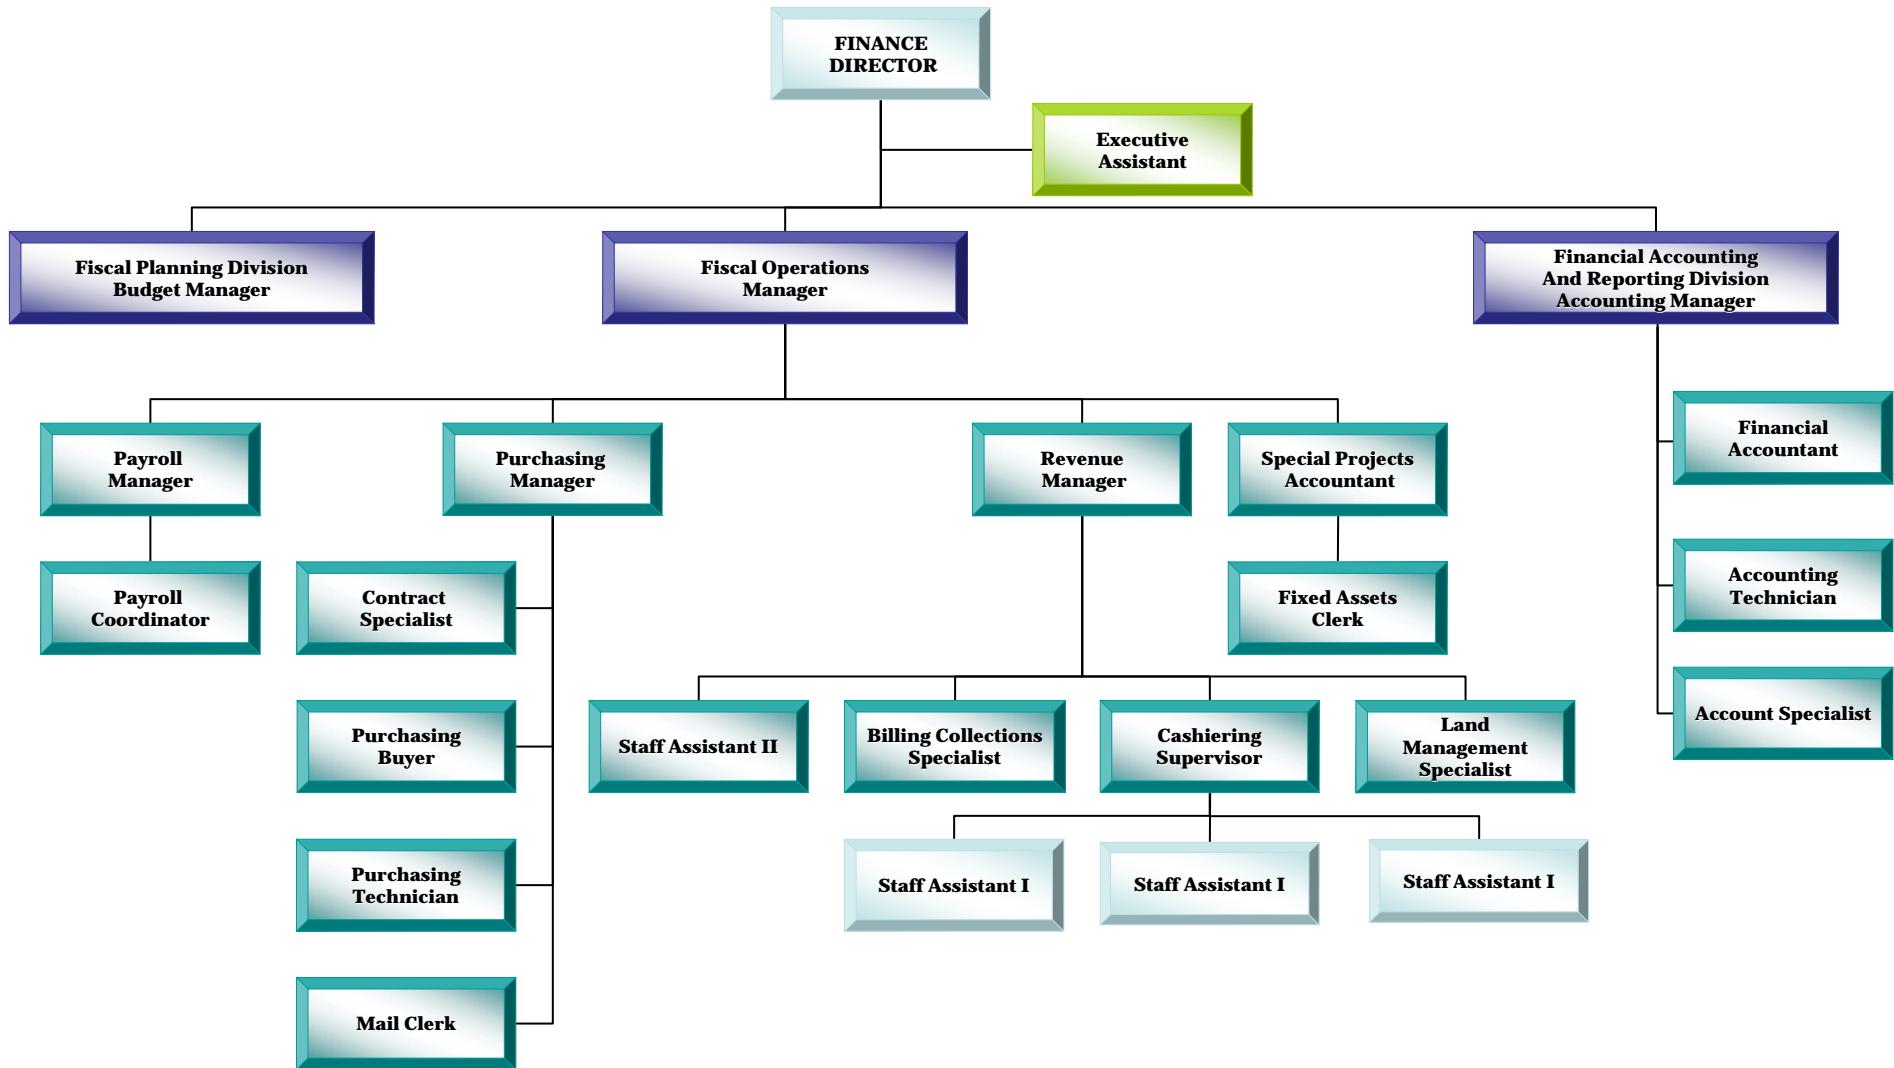

**TERRI GOULD
FINANCE DIRECTOR**

Departmental Purpose
*Assures the availability of
funds to accomplish the City
goals.*

Finance Department

City of North Port

Fiscal Year 2007 Adopted Annual Budget

Finance Department

Description of Services Provided

The City of North Port Finance Department consists of 25 employees. The Finance Department is responsible for accounting, fixed assets, receivables, payables, purchasing, payroll, budget development and control, investment management and debt management. Finance provides these administrative services to all City units on a centralized basis. One of the key areas for the Finance Department is the development and oversight of the City's over \$154 million dollar budget. The Finance Department is also responsible for the Comprehensive Annual Financial Report (CAFR) each year which is a report of the City's actual financial status for the year done by independent auditors. The Finance Department also handles all travel requests and mileage reimbursement.

Department Message

FY 2005-06 Major Accomplishments

- The Finance Department continues to receive the GFOA's Award for Excellence in Financial Reporting for preparation of the CAFR. This will be the seventh consecutive year the award has been received. This year the CAFR is available on the City's website at www.ci.north-port.fl.us and may be downloaded.
- Successfully created the Central Cashiering Division and transitioned Utility Billing and Collection into the new Central Cashiering Division allowing all City payments to be made at City Hall.
- Managed a City-wide Impact Fee Study leading to an increase in impact fees for the City.
- Implemented a forecasting model to be used for budgeting.
- Prepared and presented a City-wide Fee Ordinance.
- Increased professional staffing level to include a budget/financial analyst to assist departments and Districts with forecasting, cost analysis, the budgeting process and to help formalize the City's Capital Budget.
- Worked with Sarasota County to successfully sell the escheated lots and ultimately reconciled and received over \$33 million in revenue to the City.
- Managed a study of the internal cost allocation charges within the departments and districts.

Significant Budgetary Changes:

The budget for the Finance Department is increasing from \$843,396 to \$1,917,337. The significant increase is due to the restructuring of the department. The Purchasing and Mail Room divisions are now a part of the Finance Department. These changes have significantly increased our personnel, operating and capital expenditures.

Although the restructuring of the department primarily impacted the increase in salaries (increase of \$432,514), the adopted Compensation Study is also a significant factor.

Operating costs have increased by \$372,266. Primarily, the restructuring of the department is responsible for the significant increase in operating costs. However, other specific budget items contributing to the increase include a Fiscal Planning and Impact Analysis (\$30,000), additional staff training and travel (\$14,440) and moving all postage and mailing expense (\$137,000) to the Finance Department.

In regards to Capital expenditures, the only significant increase is due to the purchase of a new automated time and attendance software for \$120,000.

City of North Port
Fiscal Year 2007 Adopted Annual Budget

Finance Department

Department Message-continued

Workload Measures:

<i>Workload Measure</i>	<i>FY 2004-05 Actual</i>	<i>FY 2005-06 Actual</i>	<i>FY 2006-07 Projected</i>
Checks Written	8,379	9,338	10,000
Purchase Orders Issued	2,483	2,738	3,100
Capital Assessment Payoffs	46	39	20
Auction Proceeds	\$13,150	\$0	\$2,500

FY 2006-07 Major Goals

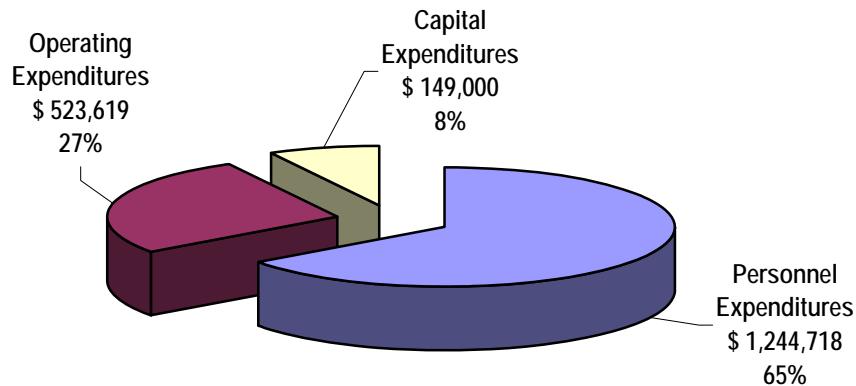

- Develop and propose a fund balance policy.
- Continue to use and improve the forecasting model for budgeting.
- Develop a process to streamline the City-wide payroll function.
- Set up tracking mechanisms and procedures for impact fee reimbursements and credits.
- Develop a Revenue Manual.
- Increase training of department and district management teams in forecasting, cost analysis and the budgeting process.
- Establish procedures, policies and control mechanism for implementation and use of the procurement card.
- Manage the issuance of Utility Revenue Bonds.
- Continue the annual update of the internal cost allocations charges within departments and districts.
- Work individual with each department and district on the development of Performance Measures.
- Provide additional forecasting tools for budgeting.

Planning and Zoning Department

City of North Port Fiscal Year 2007 Adopted Annual Budget

Planning and Zoning

Description of Services Provided

- Research and apply for grants.
- The long range planning division completes comprehensive plan amendments, updates the plan, and coordinates the master plan with many regional agencies such as MPO.
- Maintains the databases needed to analyze the planning issues such as affordable housing, etc.
- The short range division processes and reviews development requests and code amendments to ensure consistency with the comprehensive plan and City codes.

Department Message

FY 2005-06 Major Accomplishments:

- Concluded the MPO Long Range Transportation Plan.
- Completed the Evaluation and Appraisal Report.
- Received a reimbursement of \$15,936.92 from FDOT for the executed US 41 Landscape Installation and Maintenance Agreement.
- Submitted a grant proposal for ArcGIS Server Demonstration Project.
- Pursuing grant opportunities for land acquisition of properties along the Myakkahatchee Creek.

Significant Budgetary Changes:

The Planning and Zoning Department's budget has increased from \$883,108 to \$1,126,595. The primary area of increase is in Personnel Expenditures due to the addition of two new positions and the adoption of the Compensation Study proposed wage increases.

Workload Measures:

The Short Range Division of Planning & Zoning is driven by the amount of development requests which includes; rezoning, conditional use permits, amending the Land Development Code, etc. The performance measures are based on the number of development requests generated and the number of request completed. The performance measure of this Division is to ensure that the projects and code amendments be implemented consistently with the Comprehensive Plan. The other performance measure of this Division's success is the quality of developments that are approved. Examples of this include the Home Depot and Wal-Mart shopping centers and various residential projects such as Talon Bay and Cypress Falls.

The Long Range Division is responsible for the development of the Comprehensive Plan, amendments to the Plan, intergovernmental and regional coordination, code amendments, master planning and grants. The performance measure is to ensure that the master plans and code amendments implement the Comprehensive Plan and that the City is awarded grant funding for projects consistent with the Comprehensive Plan. In terms of the Comprehensive Plan, this division must ensure that the Comprehensive Plan articulates the community vision.

City of North Port Fiscal Year 2007 Adopted Annual Budget

Planning and Zoning

Department Message-continued

Workload Measures - continued:

The grants function, under the Long Range Planning Division, is responsible for identifying grant funding sources and applying for the funds. For example, the Atwater Park Grant is currently being administered for development of the new park.

All staff members handle citizen questions and requests for information. The established performance measure for these types of contacts is the returning of phone calls within 24 hours and responding to letters within 48 hours. Walk-ins are handled immediately. Staff continues to update the City's website as an ongoing effort to provide current departmental information at a glance.

FY 2006-07 Major Goals:

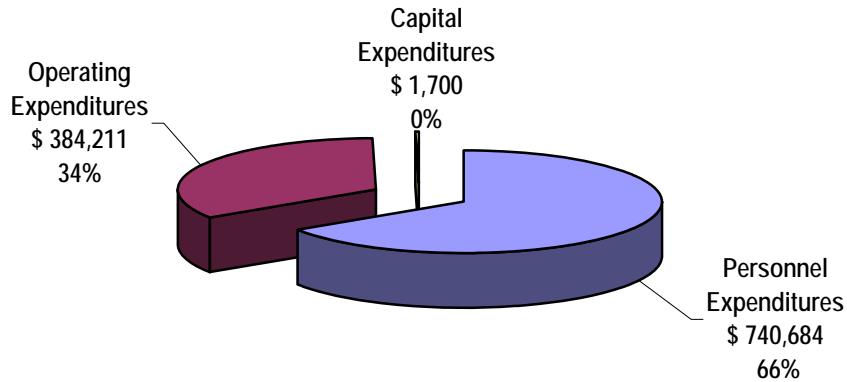

- Completion of Affordable Housing Summary.
- Continue review of Isles of Athena DRI.
- Continue with development and implementation, in conjunction with the Southwest Florida Regional Planning Council, of state mandated FIAM (Financial Impact Analysis Model).
- Complete the major, state-mandated, update to the Comprehensive Plan.
- Continue to pursue grant opportunities for land acquisition of properties along the Myakkahatchee Creek.

Environment.*

Building Department

City of North Port Fiscal Year 2007 Adopted Annual Budget

Building Department

Description of Services Provided

- Business Occupational Licensing.
- Contractor Certificate of Competency Licensing.
- Compliance with local ordinances through Code Enforcement.
- Plans review for all new development and improvements to properties.
- Permitting and inspections to insure code compliance for all new construction and remodeling.
- Provide zoning information to include information on land use and regulation of varies environmental concerns.

Department Message

FY 2005-06 Major Accomplishments:

The key accomplishment of the Building Department is the ability to maintain a level of service providing one of the fastest processing time in the state and maintaining an inspection schedule allowing for inspections to be scheduled on four-hour increments. Training and education for in-house staff and both local and regional contractors, architects, and engineers has allowed for an easy transition to the requirements of the Florida Building Code.

FY 2005/06 marked the beginning stages of automation of permitting and inspection procedures. Current data and procedures have allowed for an easy transition in next years budget to allow for online services.

Significant Budgetary Changes:

The most significant change in the Building Department budget process involves a separation of funding sources for various functions of the Department. State legislation has defined a requirement for building permit fees to be used solely for the operation of the department. This does not allow for duties other than required for enforcement of the Florida Building Code (FBC) to be funded with these fees. Therefore, the City has created an enterprise fund for all enforcement of the FBC and all zoning and code enforcement functions to be funded from the general fund. This allows for better accountability of expenditures and tracking processes.

Workload Measures:

The Building Department is driven by the amount of permit activity, which creates a standard inspection load. The performance measures are based on both number of inspections generated, and number of permits issued. Inspection staff performance levels are based on 25 inspections per man per day. The variable in this area is the inspectors must be certified in each area they inspect and building inspections are on an average a lot higher per job.

Office staff is a more difficult area to apply specific measures. The customer service representative responsible for data entry for inspections appears to be at the limit when 150 to 200 hundred inspections a day are entered. Permit processing is gauged by the number of days it is taking to issue a permit. Our customer service standard for this process time is one of the highest in the state.

**City of North Port
Fiscal Year 2007 Adopted Annual Budget**

Building Department

Department Message-continued

FY 2006-07 Major Goals:

The primary goal of the Building Department is to complete phase 2 implementation of advanced technology through the upgrade of the current HTE system and begin data entry by inspectors from the field using laptop computers. This years' budget has begun the transition from desk top computers to laptop computers for all field inspection positions. We are currently testing different air cards for the best City coverage and began field testing of inspection data entry.

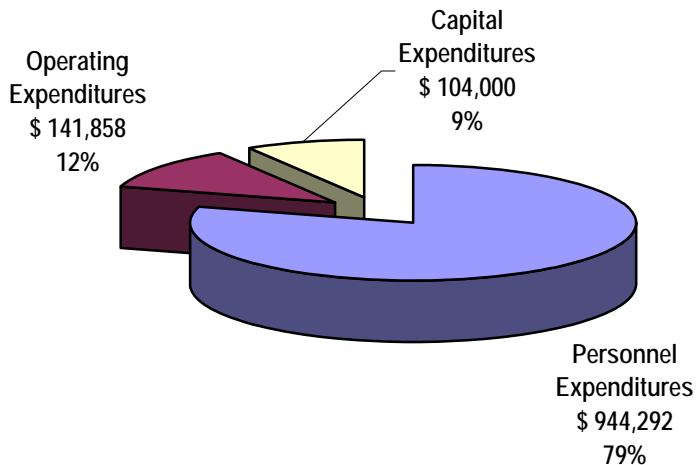

It is the intent to have all inspection personnel completing field data entry during the year and begin an additional phase allowing contractors to access inspection results and permit status online. The final phase will be the ability for our customers to apply and obtain permits online.

City of North Port

Fiscal Year 2007 Adopted Annual Budget

General Services – Administration

Description of Services Provided

In FY 2006-07, the General Services Department will oversee four operating divisions that include Facilities Maintenance, Fleet Maintenance, Information & Technology and Social Services. The General Services Director currently serves as the Departmental Director. The majority of the Divisions that make up the General Services Department provide services to departments within the City.

Department Message

FY 2005-06 Major Accomplishments:

- Ensured the smooth transition of the Support Services Department to the new City Hall.
- Oversaw the smooth transition of all departments to the New City Hall and Police Department.
- Coordinated the dedication of new City Hall on April 15, 2006.
- Coordinated 477 Commission inquiries and requests.
- Processed 30 How's My Driving calls.

Significant Budgetary Changes:

In FY 2006/2007 the proposed budget for the Support Services Administration is \$169,905. Personnel Services make up the majority of the budget at \$153,122 and includes two (2) positions – Assistant City Manager and an Executive Assistant. The Public Information Manager has been included in the City Manager budget for FY 2006/2007.

Operating expenditures total \$ 16,783. This is a decrease of nearly \$10,000 from FY2005/2006.

General Services – Administration

Department Message-continued

FY 2006-07 Major Goals:

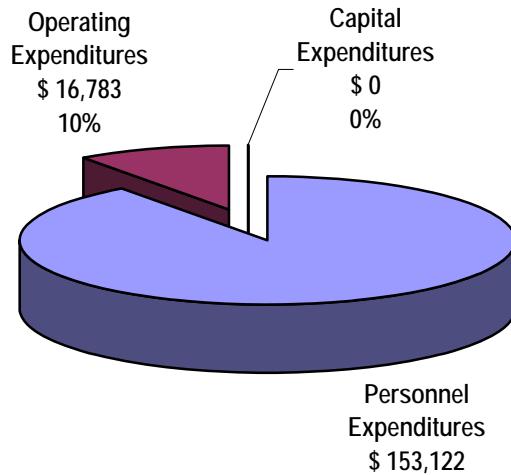

- To continue providing good internal and external customer service.
- The Information and Technology Division will implement the City intranet.
- Social Services will continue working on the construction project of the new building for the Family Service Center.
- Facilities Division will conduct a building needs study for Utilities, Public Works and other departments/divisions currently housed off site from new City Hall.
- Fleet Division will conduct an assessment of the entire Fleet Division's operations.

Capital Improvement Plan**

Fiscal Year 2006-2007

Department/Fund:	General Administration-Social Services				
Source of Estimate: (Preliminary, Engineer, Design Phase):	Engineering				
Project/Item Description:	Justification (if Replacement, note CID, Mileage & condition)				
Construction of a 7,000 sq. ft. building to house the North Port Social Services and Family Service Center. Suncoast Development is completing site development as an in-kind contribution valued at approximately \$100,000. PGT is donating windows and doors for the project.	North Port Social Services Center currently has no permanent home and is leasing space. The leased space is temporary because a permanent facility is needed. The Social Services and Family Service Center continue to add various agencies and services.				
Capital Costs by Type

GENERAL SERVICES

INFORMATION AND TECHNOLOGY

DIVISION

INFORMATION AND TECHNOLOGY DIVISION

North Port City Hall

City of North Port Fiscal Year 2007 Adopted Annual Budget

General Services – Information & Technology

Description of Services Provided

The Information & Technology Division (I&T) is one of four operating Divisions of the General Services Department. The mission of the I & T Division is to support and implement the City's technology needs, and to provide computer, network, telecommunication, audio/video, and geographical services to all City Departments.

Department Message

FY 2005-06 Major Accomplishments:

- A Fully Staffed Division – I&T currently consists of ten (10) employees: I&T Manager, HTE Systems Administrator, Database Administrator/Programmer, Network Administrator, Help Desk Administrator, Telecommunications Specialist, Technology Trainer, two (2) Information Systems Technicians and a Staff Assistant I.
- New City Hall Move – successfully created a new facility network and transitioned users and the City's current systems to the New City Hall.
- New Police Station Move – successfully created a new facility network and transitioned users and the Police system to the New City Hall.
- HTE Upgrade – installed a new iseries5 IBM server to provide faster performance and larger storage for data. Then performed the first phase of upgrading our city wide financial system from the old version 6.0 to the new version of 3.0.
- Annual Computer Replacement Program – a three year cycle of replacing workstations, servers, and printers to keep up with technology and provide the best performance. This year 51 workstations and 43 laptops were replaced.
- Annual Cell Phone Replacement Program – a two year cycle of replacing cell phones to keep up with latest cellular technology and provide the best mobile telephone service. This year 150 cell phones were replaced.
- New Equipment – with growth of new city personnel, I&T issued 23 new workstations and 19 new laptops. To provide faster performance and larger storage for data, I&T implemented a new Geographical Information server, new Print server, new Email server, new Data Backup server and Tape Library, new File Server, new Imaging server, and a new Blackberry server. To provide faster performance of the City's Wide Area Network (WAN), I&T installed a new network Router in City Hall and installed new Routers and Switches at all remote facilities. To be proactive, I&T installed network and server monitoring software to remotely control, analyze, and be notified of a network problem.
- Phone System Expansion – to provide the same technology and services found in the new phone switch at City Hall to all City facilities, I&T implemented the installation of 3 new remote systems at Utilities, Public Works, and Fire Rescue Administration.
- Work Order System – to expedite work orders more effectively, I&T implemented a new work order system called Trackit with several new features to provide better customer response and service.
- Wireless Project – to provide a faster and more reliable network for the facilities of Fire Rescue, towers and wireless dishes were installed and bandwidth leased from DayStar.
- Weather Alert – Using a computer, weather station equipment, and a live connection feed from NOAA, I&T implemented a City Hall weather station to show real time weather conditions and provide sever weather alerts.

City of North Port Fiscal Year 2007 Adopted Annual Budget

General Services – Information & Technology

Department Message-continued

Significant Budgetary Changes:

The budget for the Information & Technology Division was increased from \$1,694,056 in FY2005-06 to \$1,944,526 in FY2006-07. The increase of \$250,470 is mostly attributed to the Phone Expansion Phase II (\$32,592), Email Archiving Project (\$75,000) and Internet redesign (\$35,450). Other increases include the anticipated hiring of a Webmaster and Network Engineer.

FY 2006-07 Projects

• Email Archive System	\$75,000
• HTE Upgrade	\$170,000
• Network Upgrade	\$73,980
• Server Replacements	\$41,100
• New Computers	\$192,213
• Annual Replacements	\$185,390
• Phone Expansion II	\$23,958
• Fiber Project	\$135,000
• Total Projects	\$896,641

Workload Measures:

City of North Port

GENERAL SERVICES

SOCIAL SERVICE DIVISION

SOCIAL SERVICE DIVISION

North Port City Hall

City of North Port Fiscal Year 2007 Adopted Annual Budget

General Services – Social Services Division

Description of Services Provided

- Coordinates social service programs by providing food, shelter and utility assistance to our needy residents and by providing information on other available resources.
- Manages the Family Service Center, a group of non-profit agencies initiated by the Sarasota County Health Department and located at the North Port Health and Family Service Center, 6950 Pan American Boulevard.

Department Message

FY 2005-06 Major Accomplishments:

- City of North Port Employee Harvest Craft Fair & Flea Market - Coordinated 4th Annual Harvest Fair. Committee raised \$2,522.00 for City of North Port Employee Appreciation Holiday Banquet.
- Toy Chest Program – Managed and coordinated Toy Chest Program. Partnered with North Port Marine Corps and volunteers. Received \$3,155 in cash donations for the purchase of new toys. Distributed gifts to 545 children ages 0 – 14.
- Children’s Community Clothing Closet – Distributed clothing to children residing in North Port.
- Human Services Provider EXPO – Organized 5th Annual EXPO to provide residents of North Port an opportunity to learn of available services in their community. Over 100 residents attended.
- SHARE – “If you eat you qualify” – Sells food to families at a low cost and introduces participants to the world of volunteering. SHARE is in its 14th year of operation.
- Post Office Food Drive – Collected over 31,300 lbs of food for South County Food pantries. Over 100 volunteers assisted with the collection process
- Back to School Resource Fair – Managed and coordinated 5th Annual Resource Fair. Over 45 agencies provided information on available resources and programs available to children and distributed free backpacks and school supplies to approximately 1,000 children grades K-12.
- Received \$860,000 in grants for the construction of the North Port Family Service Center.
- Suncoast Foundation agreed to provide site construction including retention pond for future Child Development and Family Development Center and Family Service Center at an approximate cost of \$200,000 of which \$100,000 will benefit the Family Service Center.
- Received letter of commitments to sub-lease office space in the future Family Service Center from seven of the ten potential agencies.

Significant Budgetary Changes:

Personal Services makes up the majority of the budget at \$77,938 and includes the same position as last year – Social Services Manager.

**City of North Port
Fiscal Year 2007 Adopted Annual Budget**

General Services – Social Services Division

Department Message-continued

Significant Budgetary Changes – continued:

Operating expenditures total \$62,081.00. Major operating expenses for the Social Services Division include \$15,000 for *Community Assistance*, which is for emergency food, rent and utility assistance. \$16,984 for *Rental and Leases* which includes leasing of office space in the amount of \$15,664 of which \$4,416 is reimbursed to the City by agencies subleasing, \$ 5,000 for *Communication Services*, of which \$2,899 is reimbursed to city by agencies subleasing, \$15,246 for *Other Professional Services* for half of the Administrative Assistants salary. The remaining salary and benefits for the assistant's position are being paid by Sarasota County Health Department through Interagency Agreement in FY 2006/2007

Workload Measures:

City of North Port

**GENERAL SERVICES
FACILITIES MAINTENANCE
DIVISION**

FACILITIES MAINTENANCE DIVISION

North Port City Hall

City of North Port

Fiscal Year 2007 Adopted Annual Budget

General Services – Facilities Maintenance

Description of Services Provided

- Landscaping services.
- Regular building maintenance.
- Secure annual contract for minor construction work and repairs to public buildings.
- Procure major improvements through the bid process.

Department Message

FY 2005-06 Major Accomplishments:

- Completed the US 41 Median Projects.
- Maintain a safe working environment for City staff and the public.

Significant Budgetary Changes:

FY 2006-07 Budget shows an \$826,483 increase over FY 2005-06. Personnel Expenditures increased by \$41,670 due primarily to the adopted Compensation Study recommended wage adjustments. Operating Expenditures increased by \$688,555. This increase reflects the additional expenses incurred in the maintenance of the new City buildings, electricity, rentals and leases of equipment for cleaning and contracted services and repairs. For fiscal year 2006-2007 there are nine capital items associated with the budget. Of these, three of the units are replacement vehicles and as such, should have no significant impact on the operational budget. The other item is two landscaping mowers. As these mowers are covered under warranty, with the exception of minor repairs/maintenance (\$500.00) and fuel (\$500.00), there is no significant effect on operating costs. The other items are One Dump Truck (F-550), One Medium Duty Pickup (F-250), and Utility Vehicle with Spray Rig (HUV4420)

Workload Measures:

City of North Port

CITY MANAGER

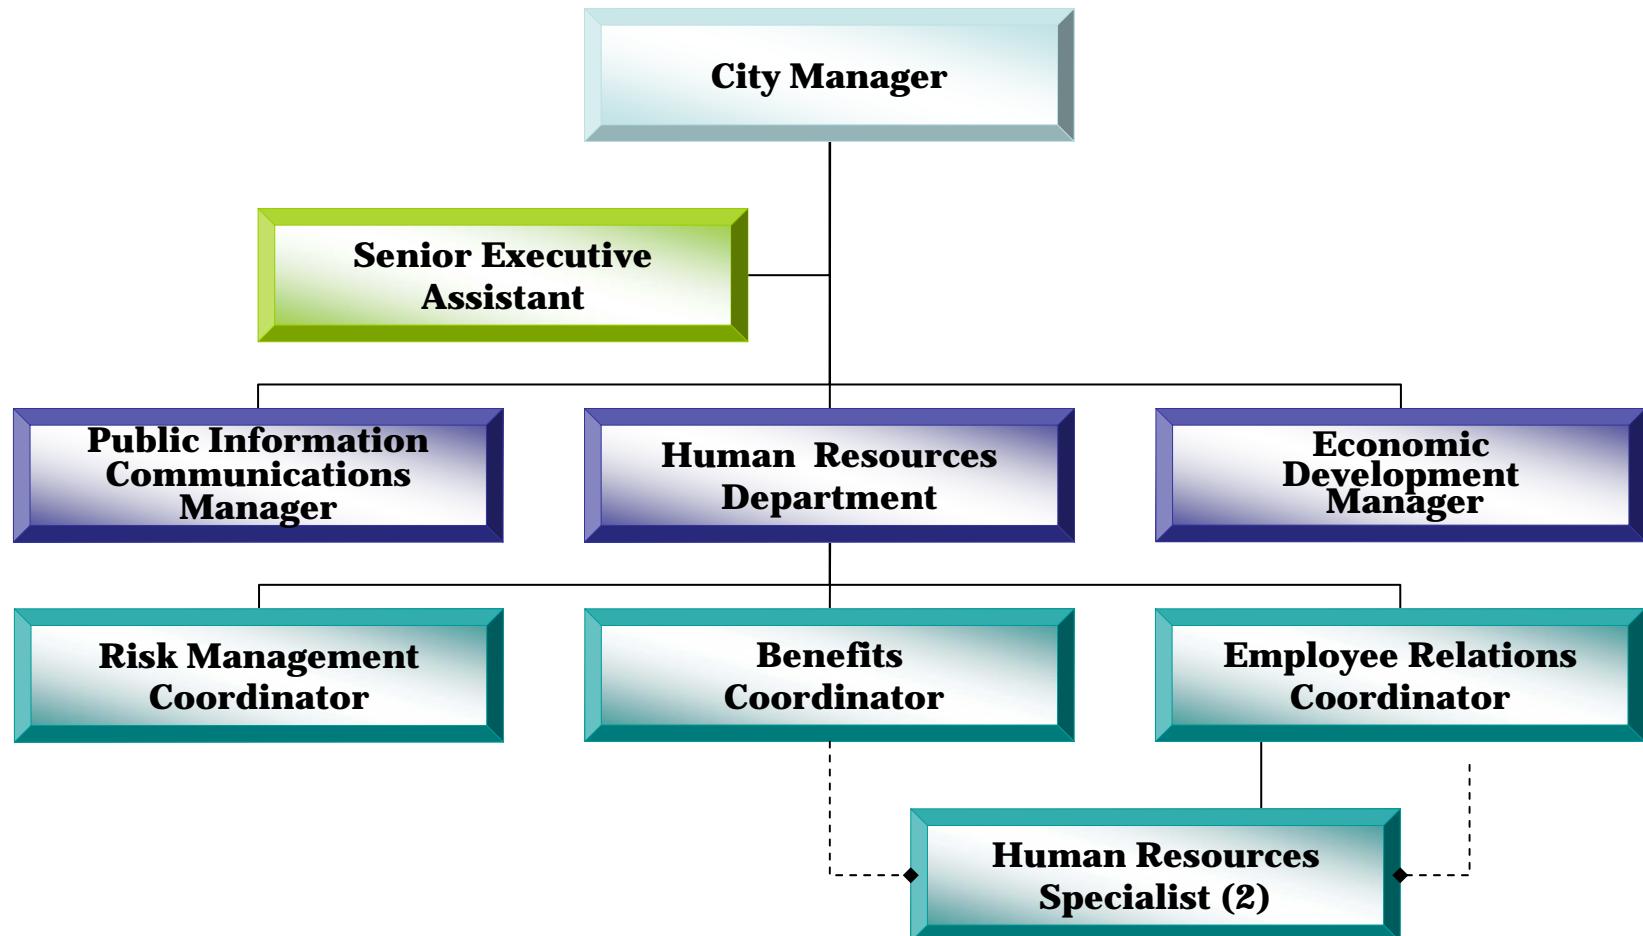

**STEVEN S. CROWELL
CITY MANAGER**

Departmental Purpose

Provides management and guidance of the City in order to accomplish Commission adopted policies and goals.

City Manager

City of North Port Fiscal Year 2007 Adopted Annual Budget

City Manager

Description of Services Provided

The City Manager is the Chief Administrative Officer of the City, reporting directly to the City Commission. In accordance with the City Charter, the City Manager is responsible for the proper administration and management of all matters of the City.

Department Message

FY 2005-06 Accomplishments:

- Hired a new Police Chief.
- Hired a new Assistant City Manager.
- Worked with the Waters Consulting Group, Inc. and North Port's management team to develop a compensation plan to better attract, retain and reward talented employees. The plan was presented to the City Commission during the FY 06-07 budget process. The City Commission approved the phased in plan which will greatly improve the City's ability to hire and retain great employees.
- Directed staff to create a Customer Service Committee tasked with making the City of North Port an example of exemplary customer service by October 2008.
- Assisted Department Directors in accomplishing their identified outcomes.
- Worked with Commission and Department Directors to identify and begin implementing organizational philosophies intended to improve operations for the City.
- Assisted departments in improving their operating efficiencies.

Significant Budgetary Changes:

The Department's FY 2006-07 budget is \$557,262, an increase of \$270,322 from the FY 2005-06 budget adopted by the Commission.

The increase in personnel services is due to the inclusion of the Public Information Manager within the City Manager's budget and the addition of a new position, Assistant to the City Manager.

Operating Expenditures, totaling \$176,610, include some of the following costs:

Other Professional Services	\$146,000	Includes \$100,000 for a Community Visioning Initiative and \$36,000 for a quarterly publication of a citizens' newsletter.
Training and Travel	\$ 8,950	
Printing and Binding	\$ 1,585	
Books and Publications	\$ 5,225

FY 2006-07 Major Goals:

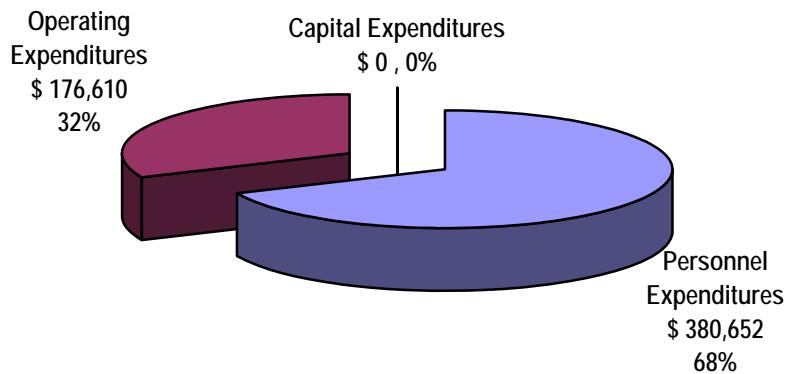

- Oversee the completion of the final phase of the compensation study which is to revise and upgrade the employee performance evaluation process.
- Oversee the completion of the Personnel Policy for presentation to the City Commission.
- Continue to move the City to an "outcome-based" organization.
- Complete visioning process for the City to assist in identifying the goals and objectives of the City.
- Develop an Economic Development Strategic Plan and hire an Economic Development Manager.
- Continue to focus on departmental "integration" and cooperation in accomplishing City goals and objectives.
- Improve "Community Outreach" and public education regarding City events, information and outcomes.

City of North Port Fiscal Year 2007 Adopted Annual Budget

City Manager Department – Human Resources Division

Description of Services Provided

The Human Resources/Risk Management Division reports to the City Manager's office and currently offers a broad range of services to the City of North Port's 574+ employees, not including those positions budgeted for FY 2006-07. The Human Resources/Risk Management Division coordinates all Human Resource management functions of the City. This includes, but is not limited to, recruitment and retention, staffing, job classification, records administration, compensation, benefits, performance management, training and development, labor relations and collective bargaining, employee relations and health and safety.

Department Message

FY 2005-06 Accomplishments:

- Assisted in the PBA union contract negotiations.
- Completed and implemented a comprehensive classification and salary structure.
- Successfully maintained the City's Safety Program resulting in a \$33,442 credit in the liability insurance premiums.
- Continued to improve the online application process accessible via the City's website.
- Maintained the Drug Free Workplace requirements resulting in a \$55,737 credit in the liability insurance premiums.
- Increased diversity levels within the City's workforce through increased marketing promotions, job and career fairs and internet advertising.
- Participated in the City's Employee Awards Committee.
- Conducted the City's first, in-house, Career Fair.
- Re-introduced a City-wide Safety Committee.
- Introduced a comprehensive New Employee Orientation Program.
- Initiated the issuance of new City identification badges utilizing new ID equipment.

Significant Budgetary changes:

- Budget increased approximately 13.6% from \$521,580 to \$592,419. At \$345,399, Personnel Expenditures account for 66% of the budget.
- In FY 2006-07, the division will be restructured adding the following positions: Human Resources Manager, Risk Management Coordinator, Employee Relation Coordinator, Benefits Coordinator and (2) Human Resources Specialists.
- Operating expenditures are decreasing from \$250,055 to \$228,320.
- With all General Fund medical expenses being funded through HR, Medical Services expenditures increased to \$52,228.

City of North Port
Fiscal Year 2007 Adopted Annual Budget

City Manager Department – Human Resources Division

Department Message-continued

Significant Budgetary Changes - continued

- To include an annual Comprehensive Compensation and Classification plan update, Promotional Services are budgeted at \$47,208.
- To provide for a new Employee Recognition Program, Promotional Activities are budgeted at \$29,461.
- To account for increased recruiting initiatives, Ads & Publications are budgeted at \$41,900.
- Capital expenditures reflect a 100% increase from previous years (\$18,700) to provide funding for the purchase of a replacement 4x4 truck for use by the division.

Workload Measures:

<i>Workload Measures</i>	<i>FY2003-04 Actual</i>	<i>FY 2004-05 Actual</i>	<i>FY 2005-06 Actual</i>	<i>FY 2006-07 Projected</i>

FY 2006-07 Goals:

- Continue to update the City's photo identification system utilizing new ID equipment.
- Continue to upgrade the Human Resources website to provide better information to perspective and current employees.
- Complete revisions to the City's Personnel Policies and introduce a City Personnel Policy Procedural Manual.
- Continue to address diversity issues through training and recruitment.
- Introduce safety incentives as part of the Safety Committee programs to enhance the current safety/loss prevention program and increase safety awareness.
- Develop a recurring wellness program to assist in limiting insurance costs.
- Continue to prove organizational based training to management covering customer service, personnel rules and regulations, hiring and selection, investigations, disciplinary and grievance processes.
- Investigate and introduce cost effective benefits to enhance employment with the City.
- Investigate and implement a comprehensive Employee Recognition Program.

PARKS & RECREATION

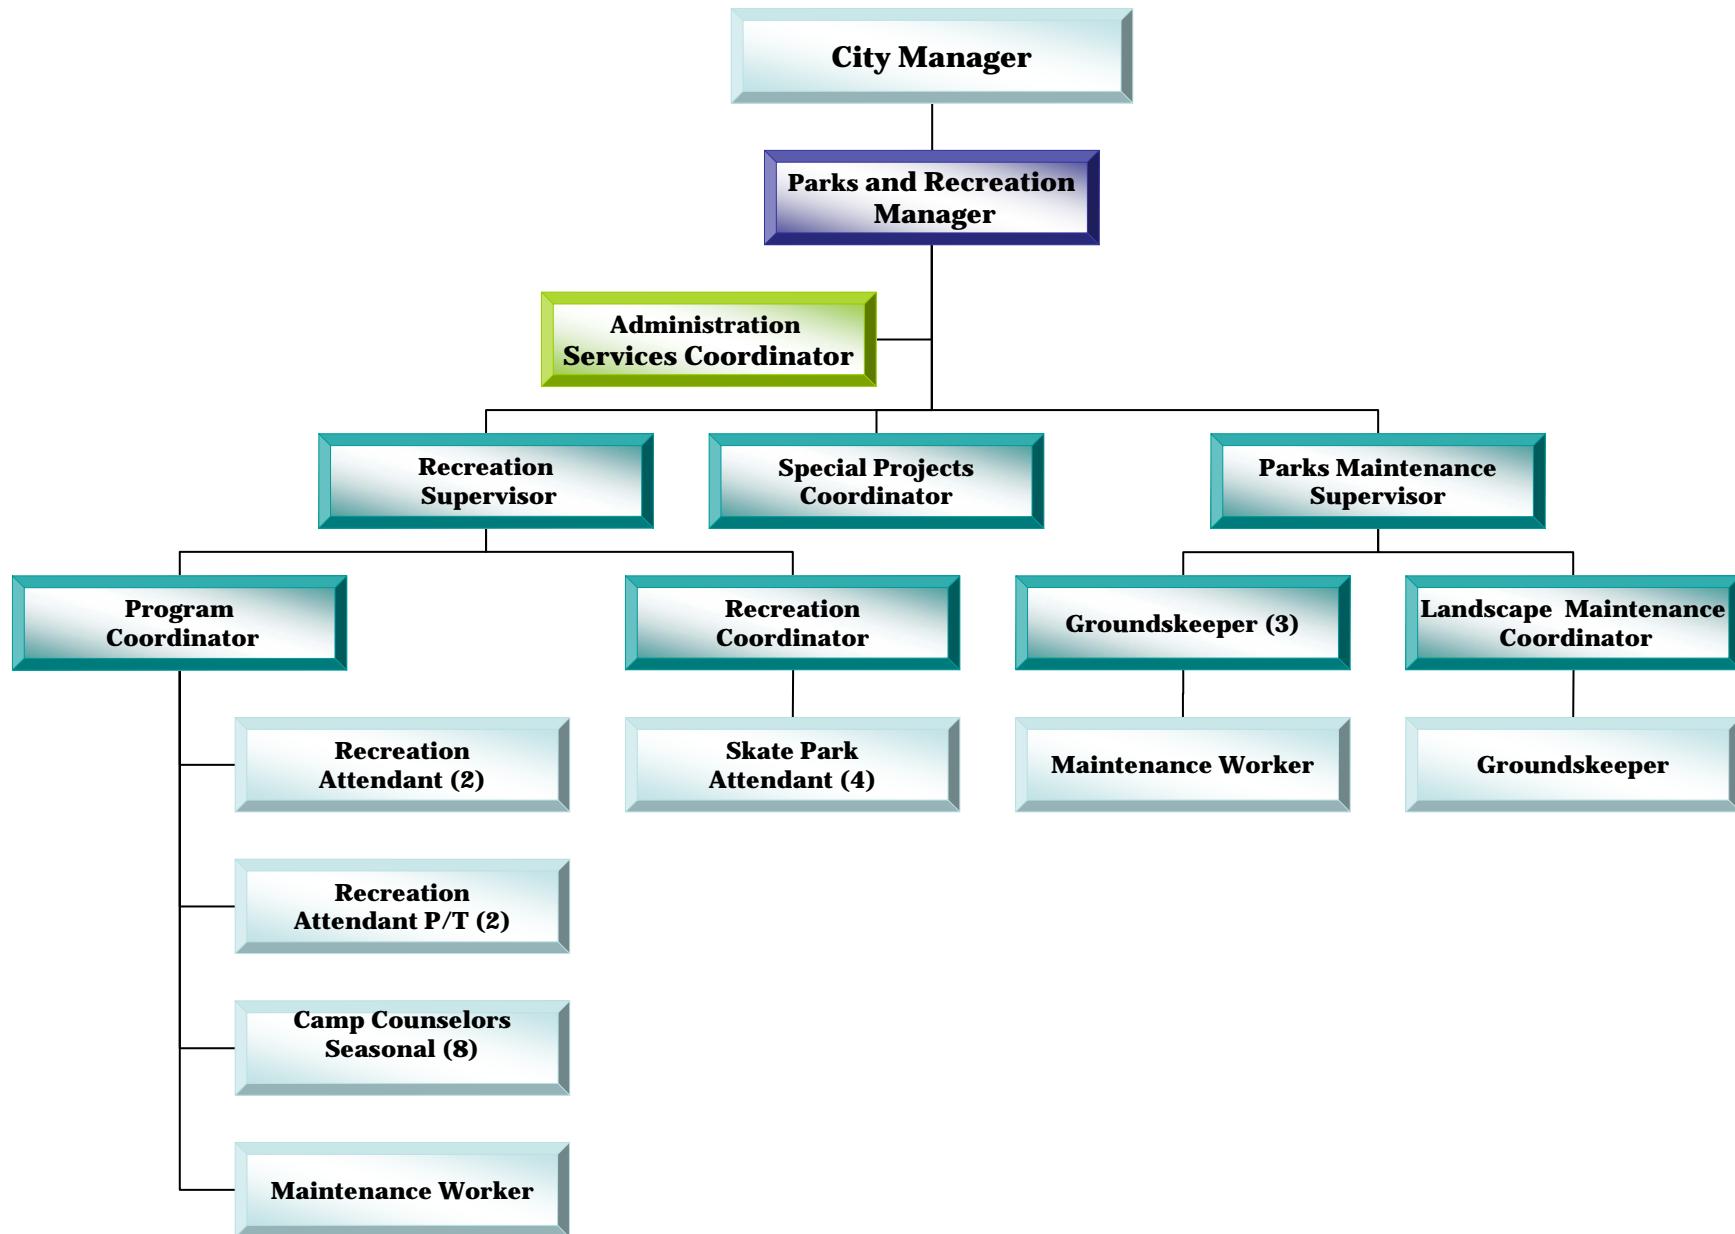

Veteran's Park

Departmental Purpose

Assures the provision of personal enjoyment and learning through recreational programs and community events.

Parks and Recreation Division

City of North Port Fiscal Year 2007 Adopted Annual Budget

Parks & Recreation Division

Description of Services Provided

- Special and park projects including design and construction.
- Conduct major special events.
- Liaison to Sarasota County in accordance to the re-negotiated Inter-local Agreement of 1993.
- Maintain all neighborhood parks in the city's park system.
- Maintain and operate the George Mullen Activity Center.
- Liaison to two Advisory Boards (Parks & Recreation Advisory & Youth Opportunities).
- Partner with outside groups, clubs and agencies to promote recreational services.

Department Message

FY 2005-06 Major Accomplishments:

- Received grant funding of \$150,000 to support the Garden of the Five Senses.
- Civil work was completed for the Garden project and was prepared for construction bidding.
- Civil work was completed for the expansion of a 3rd softball field at Narramore Sports Park.
- New soccer fields were completed and brought on-line.
- Seven festivals/ceremonies were coordinated by Parks and Recreation staff including: Poinsettia Holiday Festival and Parade, Easter Egg Hunt, Summer Teen Fest, 3rd Annual Freedom Festival, "Battle of the Bands", Concert at the Performing Arts Center and two memorial ceremonies at Veterans Park.

Significant Budgetary Changes:

Personnel and Capital Expenditures show the most significant changes over the FY 2005-06 Budget. Significantly impacting the Personnel Expenditures, an increase from \$303,341 to \$844,689, is the dramatic increase in our staffing level from eight to 30. The additional staffing provides much needed supervisory personnel; program, administrative services and special projects coordinators; and several maintenance and event personnel.

Capital Expenditures increased from \$104,000 to \$657,130. We are scheduled to add a maintenance storage building (\$115,000), several park improvements and additions (\$326,000) and additional maintenance equipment and vehicles (\$216,130).

Workload Measures:

<i>Workload Measure</i>	<i>FY 2004-05 Actual</i>	<i>FY 2005-06 Actual</i>	<i>FY 2006-07 Projected</i>
Skate Park Attendance	19,508	20,877	21,000

Fiscal Year 2006-2007

Department/Fund:	Parks and Recreation				
Source of Estimate: (Preliminary, Engineer, Design Phase):	Engineering				
Project/Item Description:	Justification (if Replacement, note CID, Mileage & condition)				
Plan to enter into contract for construction services for the facility expansion to the Narramore Sports Complex (softball facilities) to include one lighted softball field, concession/restroom building, parking and playground.	Citizen demand has created the need to expand the complex with an additional lighted field to help facilitate the hosting of tournaments resulting in a potential economic increase.

Myakkahatchee Creek Corridor - Land Acquisition & Development.	In order to protect the land around the creek, preserve the natural beauty and deal with the effects of flood damage, a linear park concept is being designed by TGW Engineering including amenities. Upon completion of the Master Plan, the phasing in of subsequent projects will be better detailed.

City of North Port

**POLICE
DEPARTMENT**

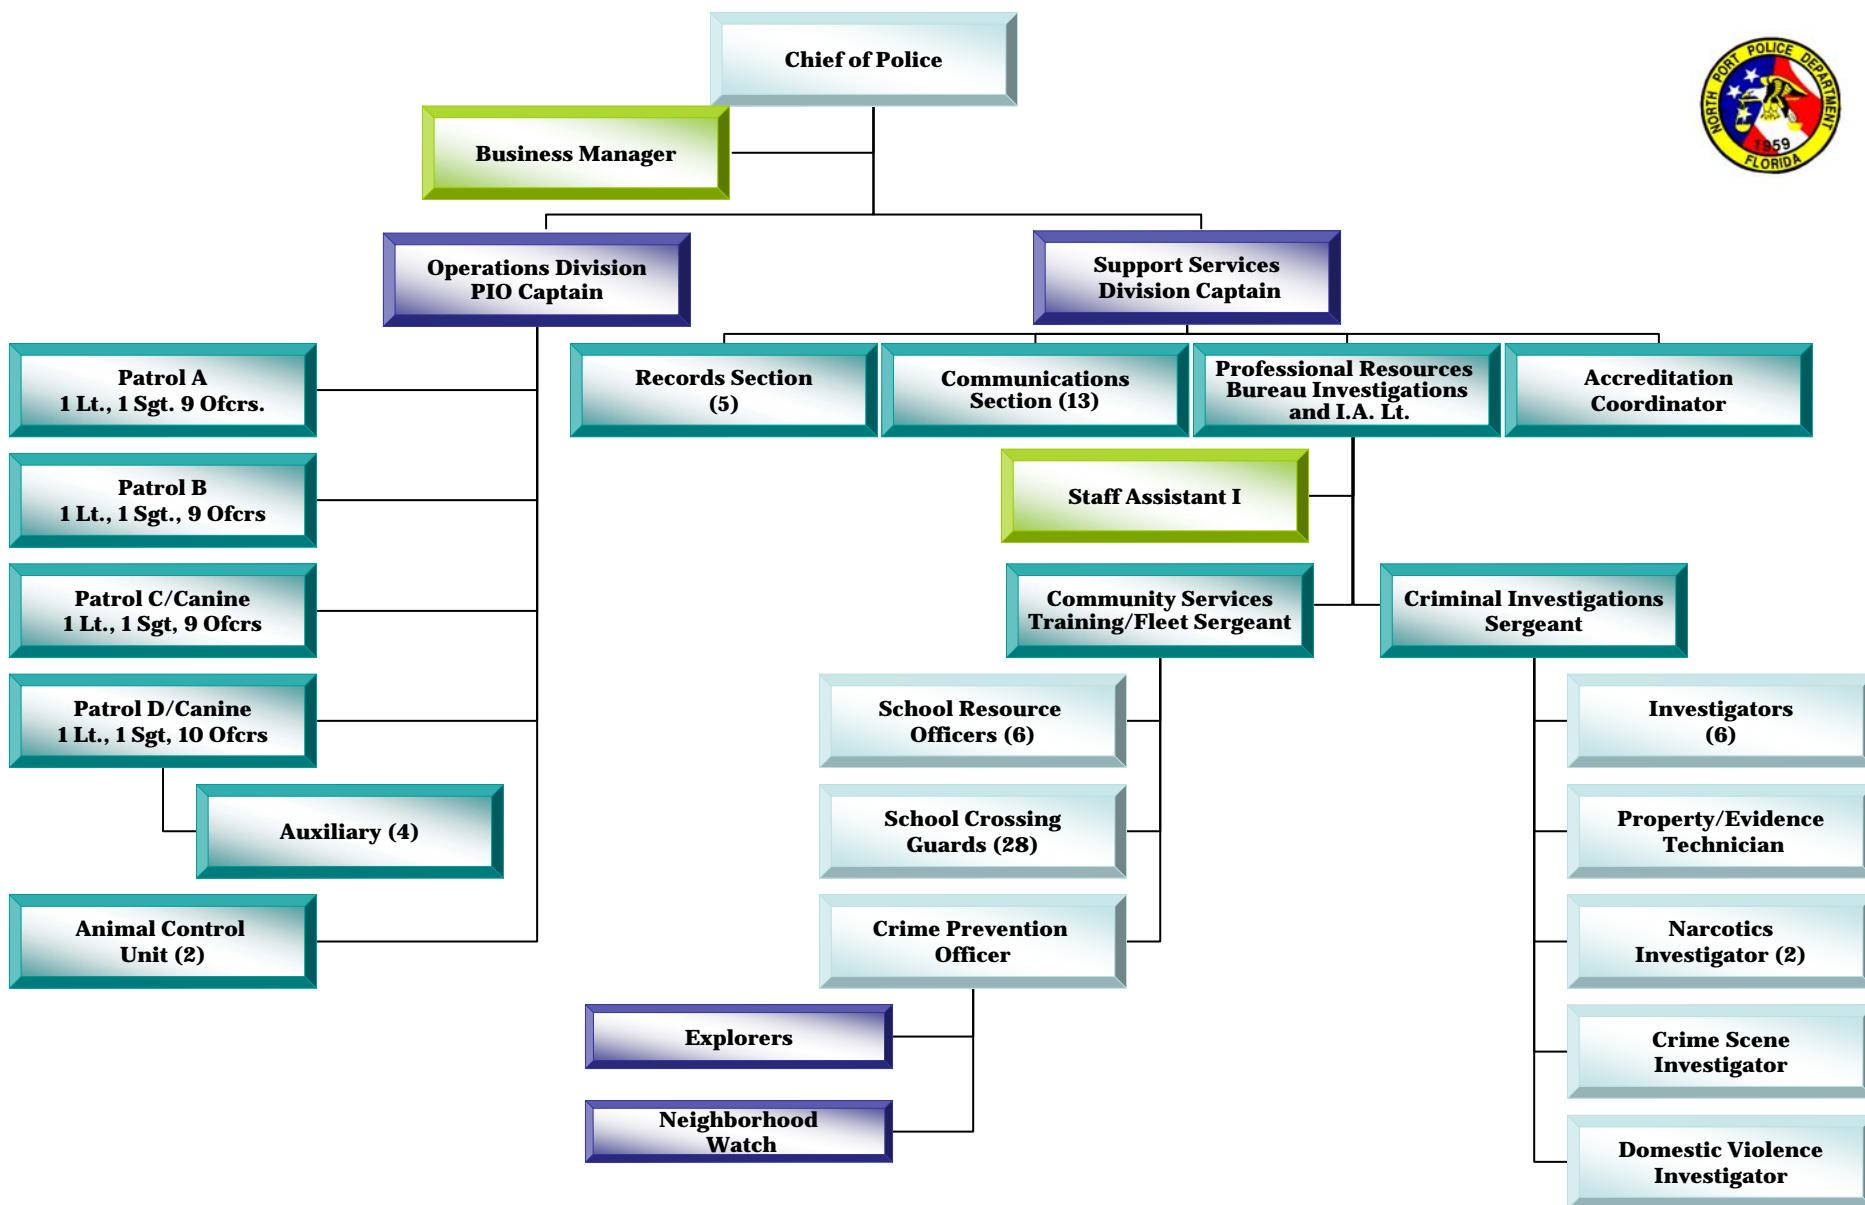

**CHIEF TERRY LEWIS
POLICE CHIEF**

Departmental Purpose
Provides a safe community.

Police Department

City of North Port Fiscal Year 2007 Adopted Annual Budget

Police Department

Description of Services Provided

To provide quality law enforcement services to the citizens of the City of North Port using a problem oriented policing model with a primary emphasis on customer service.

Department Message

FY 2005-06 Major Accomplishments:

- Provided quality police services to the citizens, businesses and visitors of North Port.
- Completed the move into the new Police Department Headquarters.
- Acquired additional systems for the Communications Center.
- Completed the re-accreditation process.
- Implemented training programs in all work areas.
- Completed the installation of new CAD/RMS systems.
- Created and implemented a bicycle registration program.
- Implemented the Traffic/Neighborhood Stabilization Unit.

Significant Budgetary Changes

The budget for Personal Services increased from \$7,209,055 to \$8,942,421 a total increase of \$1,733,366. The budget includes twenty (20) sworn positions and six (6) civilian positions. The breakdown of employment for the additional personnel is as follows: Five Sergeants, two Police Officers, one Background Investigator, one Criminalistics Technician, and one Telecommunications Supervisor are budgeted to begin employment on October 1, 2006. Two Telecommunications Operators will begin in December, three Police Officers and one Staff Assistant in January, five Police Officers in April and five Police Officers in July 2007. The salary and benefit cost for each Police Officer is \$53,084 and the salary and benefits for each Sergeant is \$82,254, which is approximately \$634,477 over last years figures in sworn positions alone.

The budget includes \$159,230 for personnel training, which includes Police Academy tuition for all twenty sworn positions, which will allow us to recruit the best candidates possible, whether they are certified or not.

Operating Costs have increased approximately 35% to \$1,545,397 (does not include salary or capital items), mainly due to increase personnel related expenses.

Capital budget at \$1,560,472 includes eighteen (18) new vehicles and fourteen (14) replacement vehicles, along with associated equipment such as in-car cameras, mobile radios, radars, etc).

The Police Department's budget is \$12,048,290, an increase of approximately 25% over the FY 2005-2006 budget adopted by the City Commission.

**City of North Port
Fiscal Year 2007 Adopted Annual Budget**

Police Department

Department Message-continued

FY 2006-07 Major Goals:

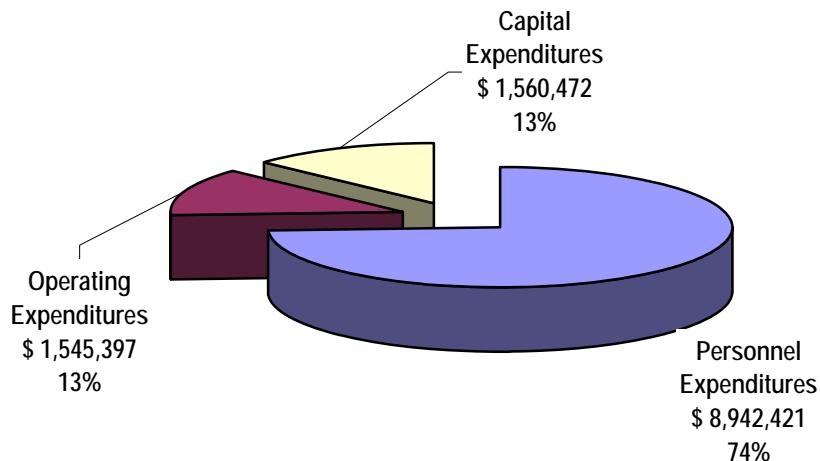

- Provide quality law enforcement service to the citizens of the City of North Port.
- Establish a Problem Oriented Policing model.
- To recruit qualified and diverse personnel.
- Establish two patrol districts in order to better serve our community by way of enhanced response times and reducing calls for service.
- Increase the level of customer service throughout the Police Department.
- Establish an Early Intervention Program.
- Provide supervisor training.
- Divide CIB responsibilities by geographic area.
- Assign an evening shift Detective.
- Create an in-service training program for Telecommunications.
- Provide In-house City Academy for new recruits.
- Maintain Quality assurance in RMS.
- Implement Police to Citizen Software to allow citizens and media the ability to obtain records of specific law enforcement incidents through the Internet, enhancing our quality customer efforts.
- Provide officers immediate computer access to the most current Standard Operating Procedures, which increases accountability.

EMERGENCY MEDICAL SERVICES

Departmental Purpose

*Improves the safety of life
and community assets.*

Fire Rescue District – Emergency Medical Services

City of North Port Fiscal Year 2007 Adopted Annual Budget

Fire Rescue District & Emergency Medical Services

Description of Services Provided

- Respond to all forms of emergency situations; fire, medical, natural disaster, hazardous materials, etc.
- Educate both internal and external customers in life safety and hazard prevention.
- Examine Plans and existing buildings for life and loss prevention and compliance with mandated safety codes.
- Perform community outreach and other non-traditional customer service functions for our public.
- In Fiscal Year 05/06 North Port Fire Rescue District responded to 4,851 calls for emergency service. Of this number 3,604 (74.29%) were medical related and 1,247 (25.71%) were fire related.

Department Message

FY 2005-06 Major Accomplishments:

- Designed and broke ground on a permanent Fire Rescue Station (83) at Price Blvd. and Haberland Blvd. to replace the temporary Fire Rescue Station at the same location.
- Opened a new Fire Rescue Station (84) on Price Blvd. between Chamberlain Blvd. and Toledo Blade Blvd.
- Began site work for a new Fire Rescue Station (85) on Price Blvd. west of Biscayne Blvd.
- Hired 12 new Firefighter / EMT's (Paramedics).
- Added four (4) new staff positions; Fire Marshal, Training Officer, Staff Asst., and Trades worker.

Significant Budgetary Changes:

- Salaries for nine (9) new Firefighter / EMT's (Paramedics).
- Salary and vehicle for an Emergency Management Coordinator.
- Funding for the purchase of two (2) new 75' Ladder Trucks. One is a replacement of the existing Ladder Truck and one is a new vehicle in the fleet.

Workload Measures:

- Deliver Emergency Services to the community within the time frame recommendations of the City Comprehensive Plan.
- Maintain a balanced budget and bring in Capital Improvement projects within budget.
- Hire the most qualified personnel for the available positions within the District.

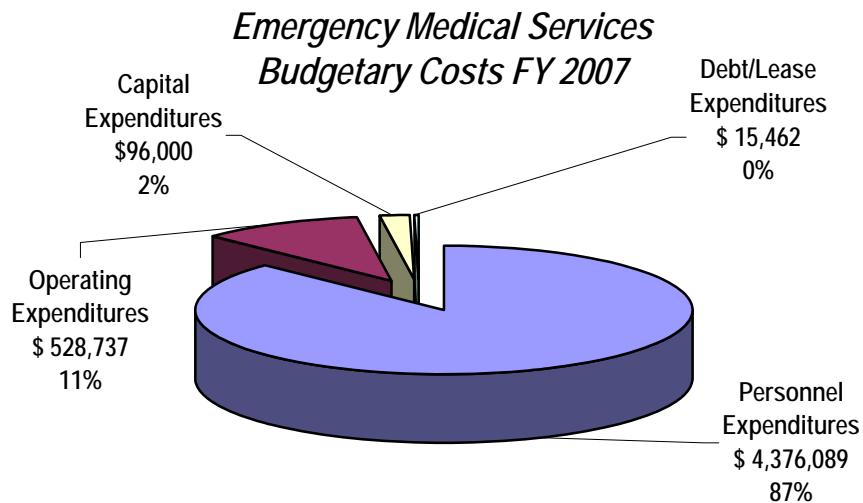

FY 2006-07 Major Goals:

- Establish a seamless communication network through a wireless solution.
- Improve training in the area of Fire/EMS Officer Development to provide organizational sustainability for our future.
- Ensure that our proper fiscal management provides the assets necessary to fulfill the needs of our Fire & EMS personnel and the customers we serve.
- Enhance the health and safety of our Fire Rescue District Employees through personnel physical fitness, post incident critique and training specific to identified deficiencies.
- Continue our station distribution and staffing plan to meet the growth needs of our community.

EMERGENCY MANAGEMENT

**CHIEF WILLIAM TAAFFE
FIRE RESCUE CHIEF**

≈

EMERGENCY MANAGEMENT

Departmental Purpose

*Provides risk reduction,
preparation for, and recovery
assistance from, major events
affecting the Community's
Quality of Life.*

City of North Port Fiscal Year 2007 Adopted Annual Budget

Emergency Management

Description of Services Provided

- Plan and prepare community for large scale man-made and natural emergency incidents.
- Coordinate preparation and recovery efforts with local, state and national agencies.
- Respond and mitigate large scale emergencies.
- Perform community outreach and other customer service functions for our public.
- Assist in recovery funding for public and private losses due to declared disasters.

Department Message

FY 2005-06 Major Accomplishments:

- Received a FEMA Grant of \$152,000 and upgraded the hurricane protection impact and wind resistance of the George Mullen Center and Fire Station 81
- Secured a Grant to rewrite the Continuation of Operations Plan (COOP) for all city services and government

Significant Budgetary Changes:

The first full-time employee for Emergency Management is included in this year's budget. The position is partially funded by Fire Rescue District.

A vehicle and office equipment is also included for this position.

The budget includes several weather stations to be located remotely throughout the city and connected to a computer network to monitor conditions throughout the 105 square mile city.

FY 2006-07 Major Goals:

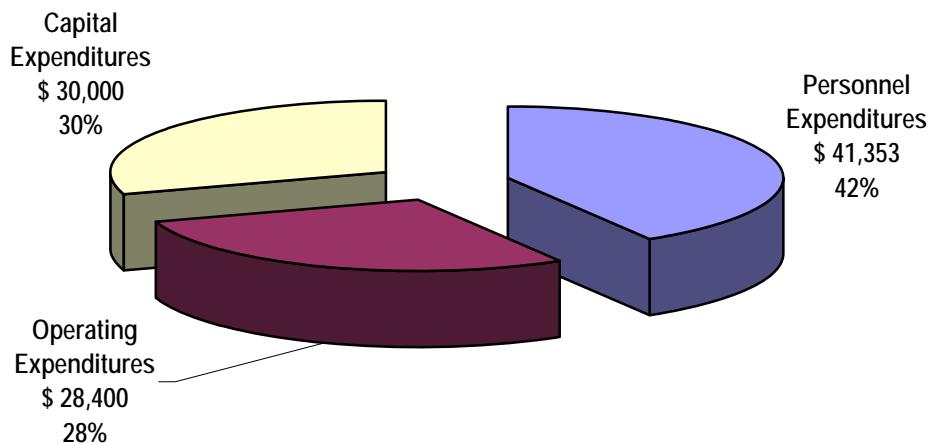

- To develop a full-time North Port Emergency Management relationship with county and state counterparts.
- To perform a risk and threat assessment of city facilities and critical infrastructure.

ENGINEERING DEPARTMENT

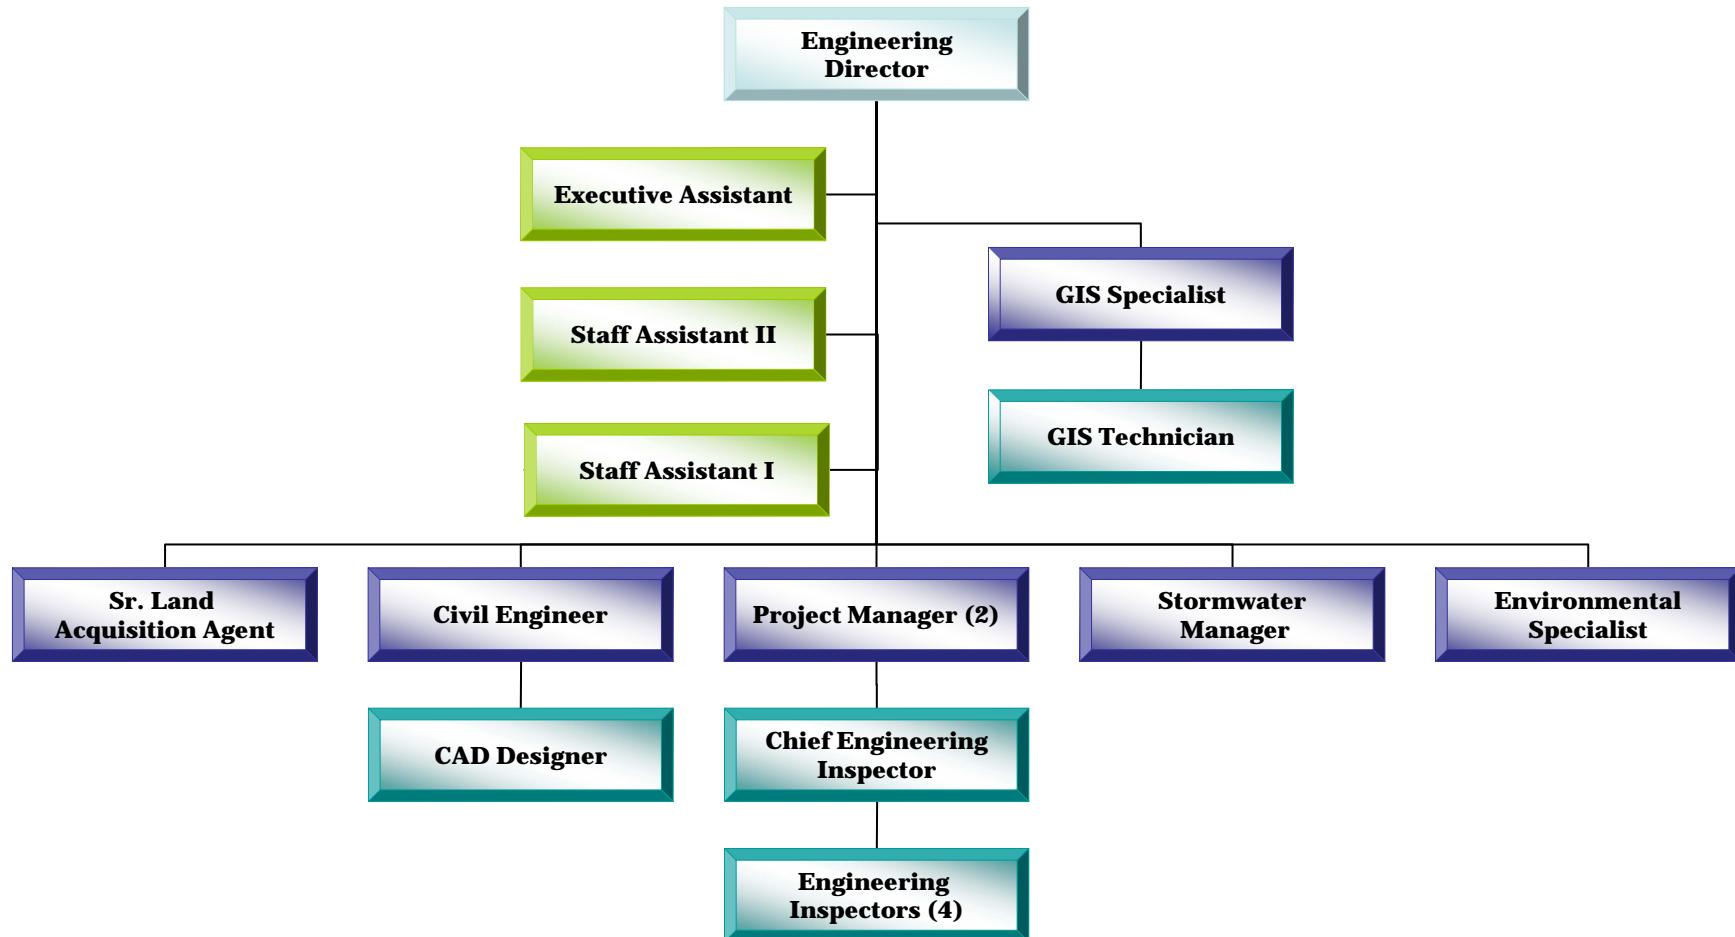

PATRICK S. COLLINS
ENGINEERING DIRECTOR

Departmental Purpose

*Supports the departments by
assuring safety, aesthetics,
sustainability of community
infrastructure and projects.*

Engineering Department

City of North Port Fiscal Year 2007 Adopted Annual Budget

Engineering

Description of Services Provided

- Real Estate Management Services.
- Community Engineering and Development Review Services.
- Capital Improvement Design, Permitting and Construction Services.
- Geographical Information System (GIS) and Data Management Services.
- Environmental and Wetland Protection Services.
- Storm Water and Watershed Planning, Permitting and Design Services.

Department Message

FY 2005-06 Major Accomplishments:

- Implemented Engineering Review Fees with collections of \$392,614 as of 10/23/06.
- Improved the CIP process by getting it started earlier and developing better integration between departments.
- Completed construction of new soccer fields at Glen Allen.
- Completed the construction of two pedestrian bridges over the Myakkahatchee Creek at Biscayne Blvd. and Price Blvd.
- Completed sidewalk construction along Sumter Blvd. and Price Blvd. adjoining to Heron Creek.
- Completed design of approximately 10 miles of sidewalks and 10 pedestrian bridges.
- Completed widening and traffic signal improvements at Salford and Price Blvd. in cooperation with the Sarasota County School Board.
- Secured Local Area Program (LAP) certification from FDOT.
- Completed the design and permitting for Sumter Blvd., Phase 2 (US 41 to Appomattox).
- Completed design and permitting of Spring Haven Dr.
- Purchased additional right-of-way for Sumter Blvd., Phase 2.
- Hired a Stormwater Manager.
- Hired an Environmental Supervisor.

Significant Budgetary Changes:

The FY 2006-07 Budget for Engineering Services is \$1,417,127; a decrease of \$248,177 of the FY 2005-06 Budget of \$1,665,304. Personnel Expenditures remain steady with the largest decrease coming in Operating Expenditures (a decrease of \$167,172) chiefly attributed to our reduced usage of Professional Services. Also, our Capital Expenditures show an \$82,200 decrease.

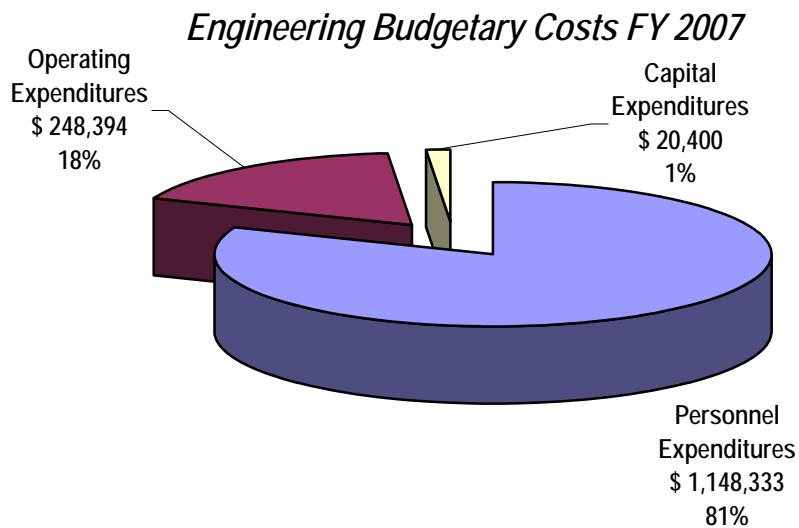

FY 2006-07 Major Goals:

- To provide quality engineering services through teamwork, professionalism, knowledge and efficiency.
- To deliver results-oriented, customer-focused service with a strong commitment to communication, collaboration, coordination and follow-through.
- To be observant—including identifying and acting upon the needs of the community.
- To listen with interest.
- To be prompt.
- To be knowledgeable and informative.
- To maintain honest and integrity in all transactions.

City of North Port

ROAD AND DRAINAGE DISTRICT

**BRANFORD ADUMUAH
PUBLIC WORKS DIRECTOR**

≈

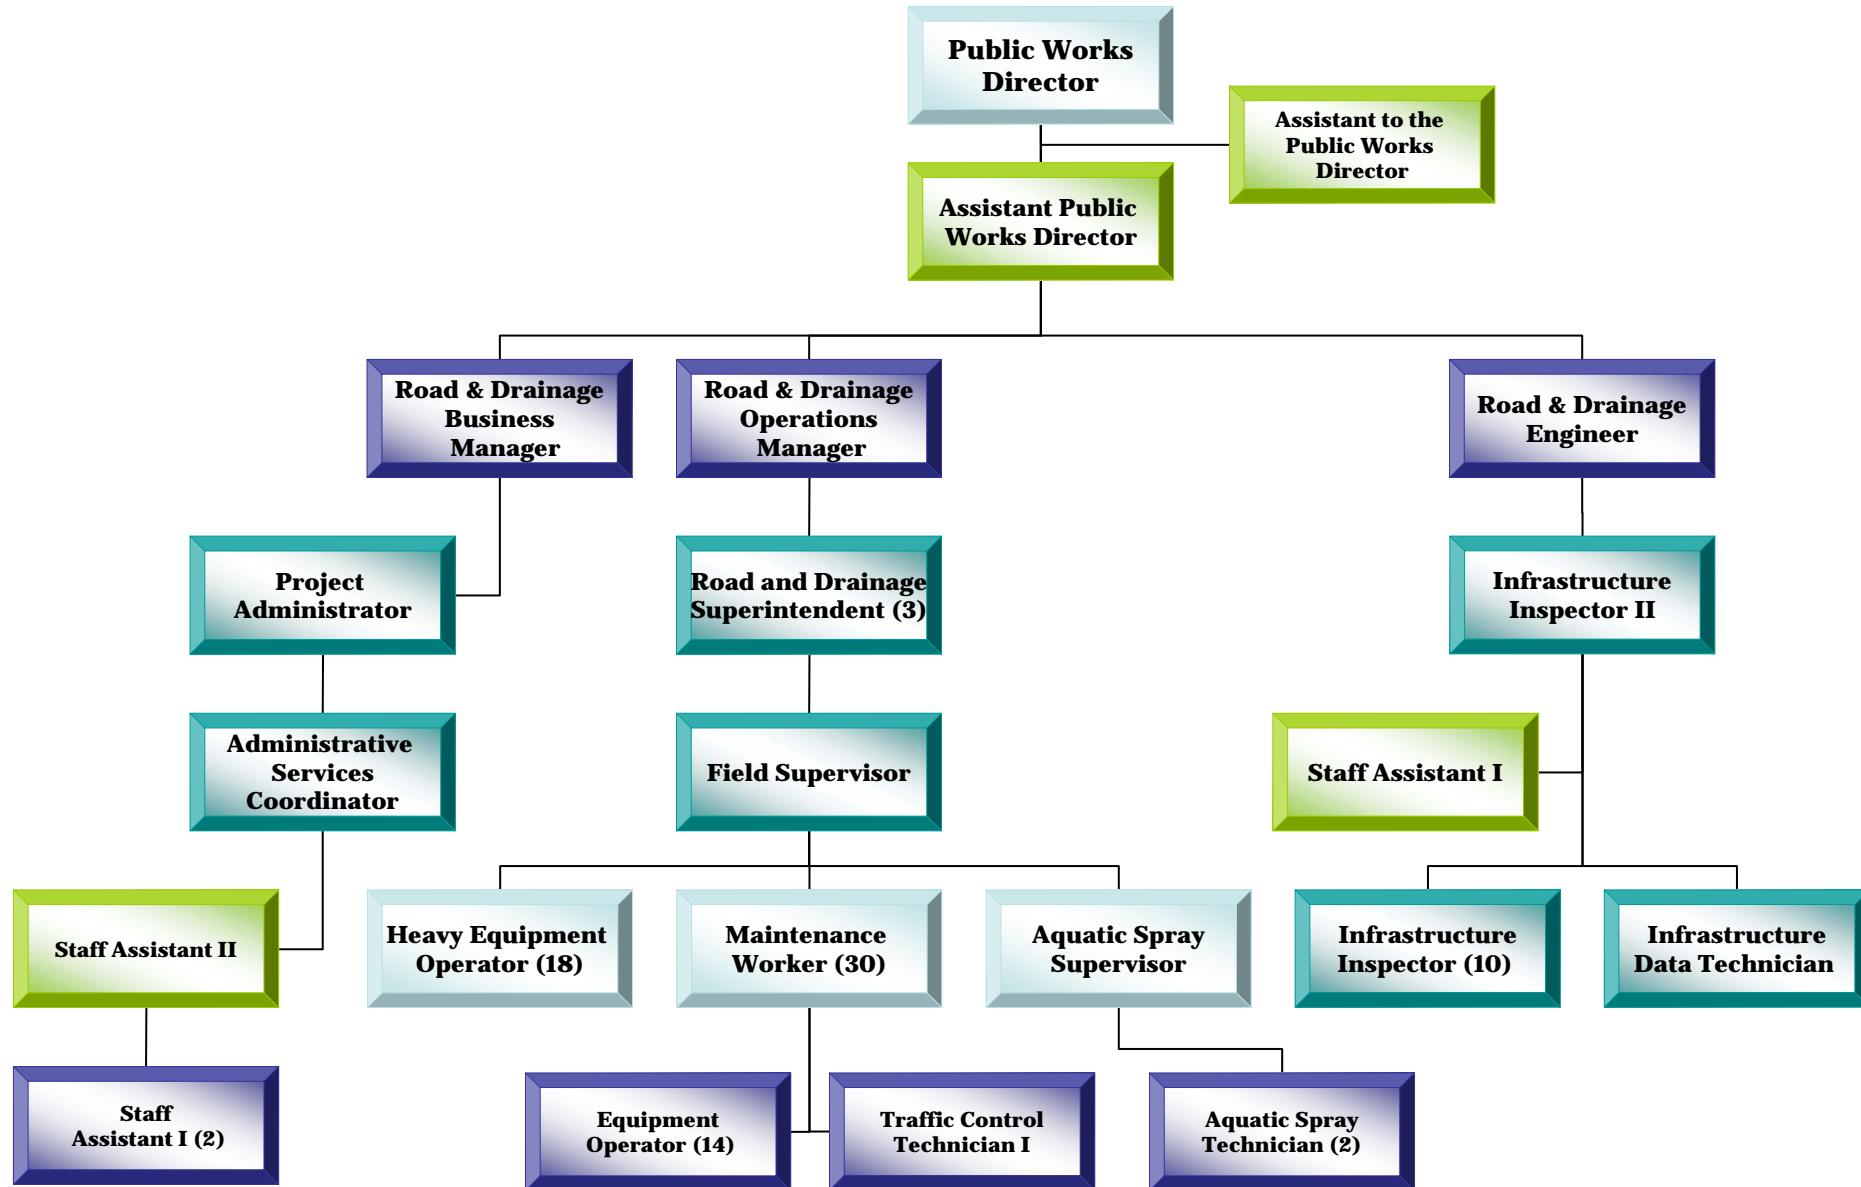

ROAD AND DRAINAGE DISTRICT

Departmental Purpose

Efficiently maintains the public infrastructure and provides services to ensure the safety and well being of residents.

Public Works - Road and Drainage District

City of North Port

Fiscal Year 2007 Adopted Annual Budget

Public Works Department – Road & Drainage District

Description of Services Provided

- Maintenance of public roads (813 miles) and drainage systems (swales, canals, waterways, and ditches, etc)
- Maintenance of bridges and water control structures
- Maintenance of traffic control devices (signs, markers, and signals)
- Mowing of public rights of way
- Maintenance control of aquatic weeds

Department Message

FY 2005-06 Major Accomplishments:

- Rehabilitated 18 miles of deteriorated roads
- Reduced in-house pothole patching (Type I) response time to 5-7 days from 10 to 14 days
- Improved 100 miles of drainage swales and replaced 25 deteriorated drainage pipes
- Completed and installed inventory and condition data on all 813 miles of city roads. The data will be used to better plan and schedule roads for repairs and rehabilitation annually.
- Implemented a contract pothole patching program to adequately address growing service requests
- Implemented a computer work management system to improve customer service, work scheduling, and work cost accounting.
- Improved customer service - created a new Customer Service Unit within the Administration Division to properly handle customer service requests
- Proper infrastructure evaluation - created a new Infrastructure Assessment Division to properly plan and schedule short term infrastructure maintenance

Significant Budgetary Changes:

The Road and Drainage District's operating budget is \$23,304,730, an increase of \$7,880,405 over the requested budget of FY 2005-06.

Revenues

The Road and Drainage District has limited revenue sources with district assessment being the primary revenue source. For FY 2006-07, the assessments rates (for residential lot, commercial lot, developed residential acre, undeveloped residential acre, developed tract acre, undeveloped tract acre, and multi-family unit) were increased by 20%. Accordingly, the rate for residential lot is \$120. The breakdown of revenue is (1) District Assessments - \$15,152,502, (2) Gas Taxes - \$2,335,226, (3) Appropriated Fund Balance - \$2,530,352, and (4) Other -\$3,286,650

Expenditures

To address the deteriorated condition of the city road network, \$7,677,967 (about 33% of the total budget) is targeted towards road rehabilitation. Another \$500,000 and \$300,000 will fund contract mowing and bridge repairs respectively. The district will continue with its \$250,000 contract pothole patching to augment in-house efforts and to meet the huge service demands.

**City of North Port
Fiscal Year 2007 Adopted Annual Budget**

Public Works Department – Road & Drainage District

Department Message-continued

Workload Measures:

Workload Measures	FY 2004-05 Actual	FY 2005-06 Actual	FY 2006-07 Projected
Traffic Control signs installed	500	1,200	2,000
Roadside Mowed (miles)	160	500	800
Swales cleaned/re-graded (miles)	19	100	200
Potholes Patched (asphalt-tons)	1,600	18,000	15,000
Sidewalk repaired (square feet)	1,500	300	500
Line and Grade permits issued	1,750	4,300	3,000

FY 2006-07 Major Goals:

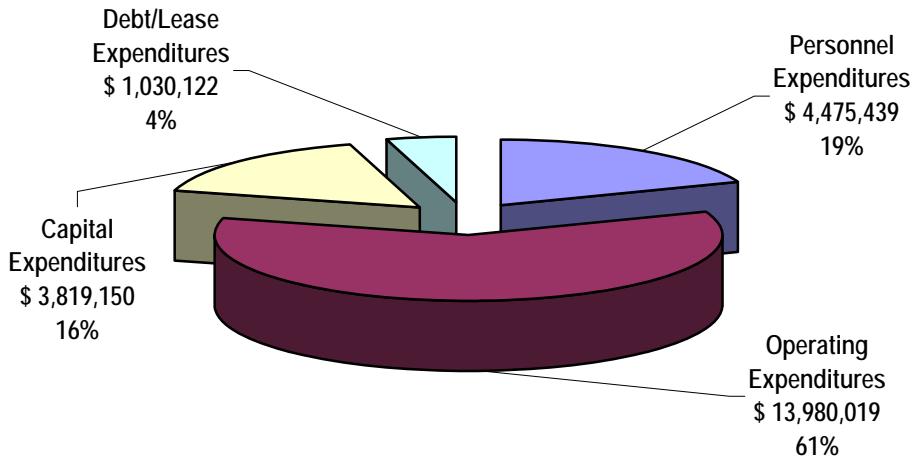

- Rehabilitate at least 100 miles of roads
- Carry out an aggressive 3 day pothole response and patching program
- Re-grade at least 150 miles of drainage swales
- Assess the condition of water control structures and repair bridges
- Increase mowing cycle from 3 to 4 thereby increasing level of service

City of North Port

**FIRE RESCUE
DISTRICT**

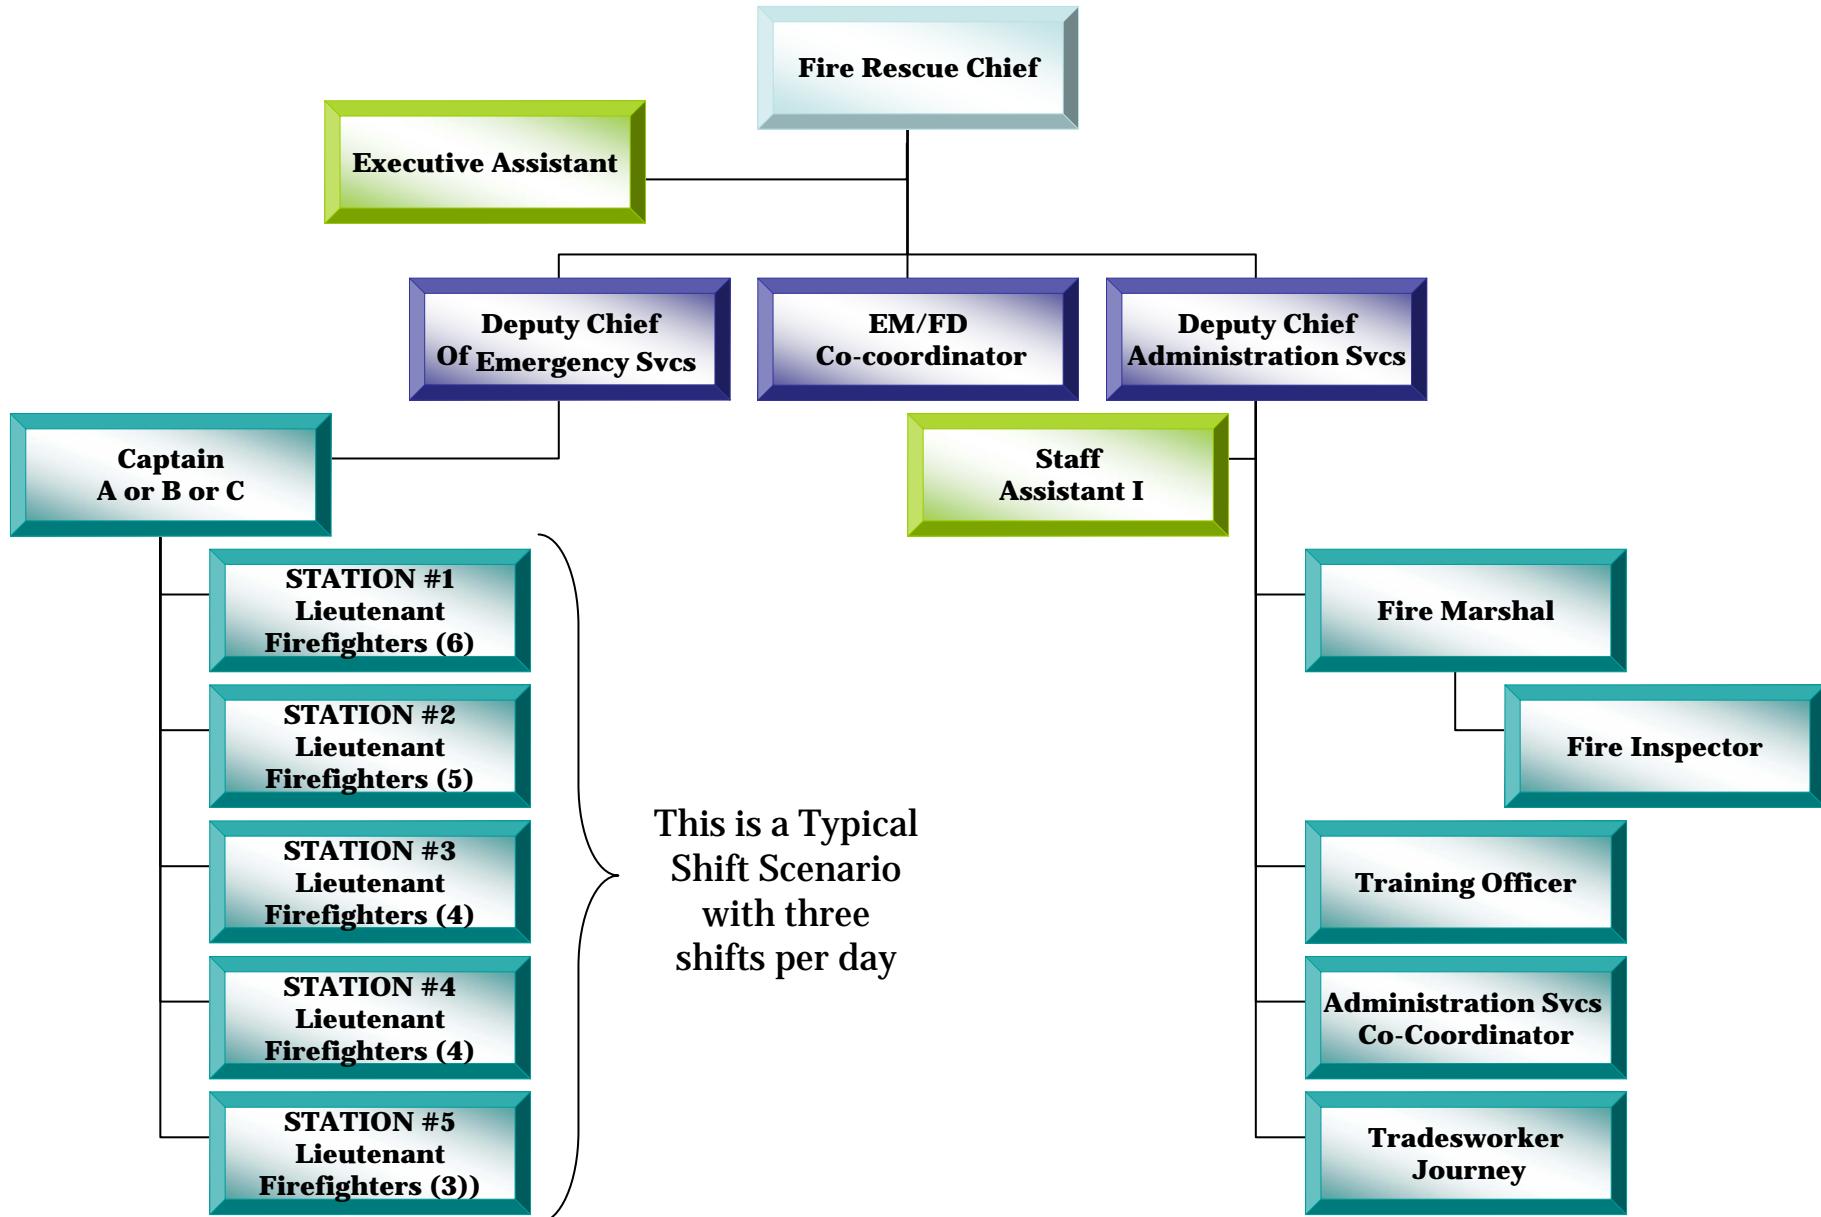

**CHIEF WILLIAM TAAFFE
FIRE RESCUE DISTRICT CHIEF**

Departmental Purpose
*Improves the safety of life
and community assets.*

Fire Rescue District

City of North Port Fiscal Year 2007 Adopted Annual Budget

Fire Rescue District & Emergency Medical Services

Description of Services Provided

- Respond to all forms of emergency situations; fire, medical, natural disaster, hazardous materials, etc.
- Educate both internal and external customers in life safety and hazard prevention.
- Examine Plans and existing buildings for life and loss prevention and compliance with mandated safety codes.
- Perform community outreach and other non-traditional customer service functions for our public.
- In Fiscal Year 05/06 North Port Fire Rescue District responded to 4,851 calls for emergency service. Of this number 3,604 (74.29%) were medical related and 1,247 (25.71%) were fire related.

Department Message

FY 2005-06 Major Accomplishments:

- Designed and broke ground on a permanent Fire Rescue Station (83) at Price Blvd. and Haberland Blvd. to replace the temporary Fire Rescue Station at the same location.
- Opened a new Fire Rescue Station (84) on Price Blvd. between Chamberlain Blvd. and Toledo Blade Blvd.
- Began site work for a new Fire Rescue Station (85) on Price Blvd. west of Biscayne Blvd.
- Hired 12 new Firefighter / EMT's (Paramedics).
- Added four (4) new staff positions; Fire Marshal, Training Officer, Staff Asst., and Trades worker.

Significant Budgetary Changes:

- Salaries for nine (9) new Firefighter / EMT's (Paramedics).
- Salary and vehicle for an Emergency Management Coordinator.
- Funding for the purchase of two (2) new 75' Ladder Trucks. One is a replacement of the existing Ladder Truck and one is a new vehicle in the fleet.

Workload Measures:

- Deliver Emergency Services to the community within the time frame recommendations of the City Comprehensive Plan.
- Maintain a balanced budget and bring in Capital Improvement projects within budget.
- Hire the most qualified personnel for the available positions within the District.

FY 2006-07 Major Goals:

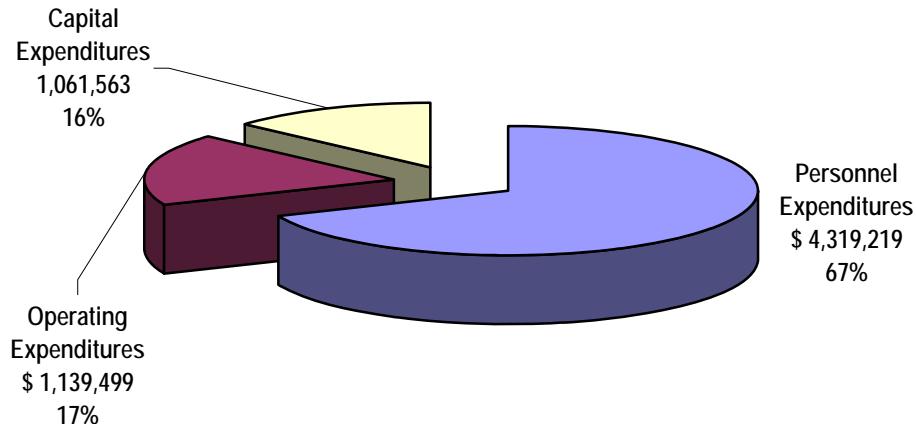

- Establish a seamless communication network through a wireless solution.
- Improve training in the area of Fire/EMS Officer Development to provide organizational sustainability for our future.
- Ensure that our proper fiscal management provides the assets necessary to fulfill the needs of our Fire & EMS personnel and the customers we serve.
- Enhance the health and safety of our Fire Rescue District Employees through personnel physical fitness, post incident critique and training specific to identified deficiencies.
- Continue our station distribution and staffing plan to meet the growth needs of our community.

City of North Port

SOLID WASTE DISTRICT

**BRANFORD ADUMUAH
PUBLIC WORKS DIRECTOR**

≈

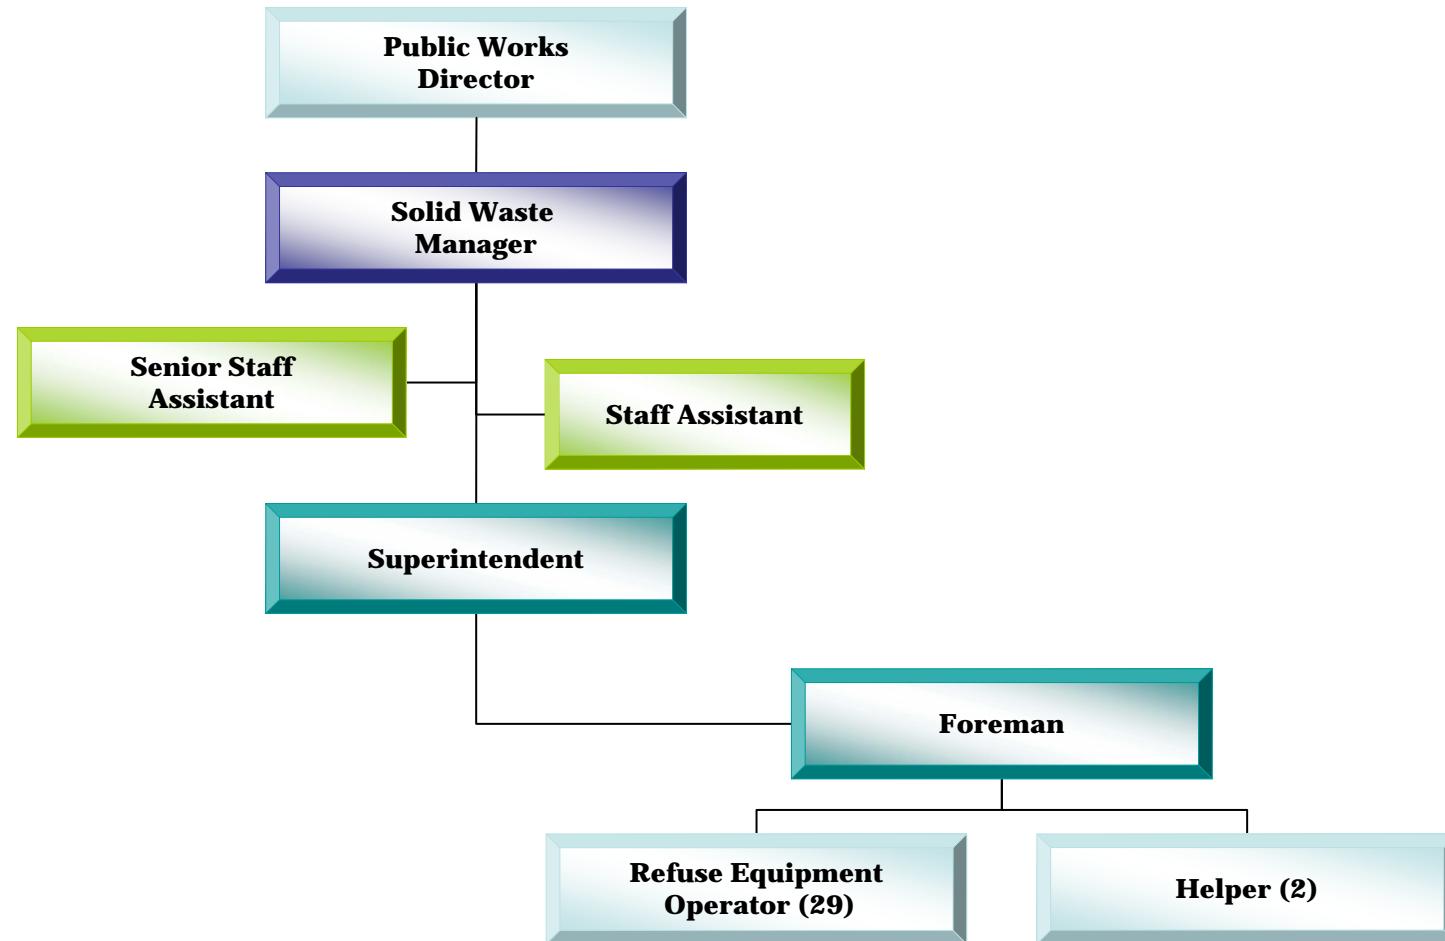

SOLID WASTE DISTRICT

Departmental Purpose

*Ensures the safety and health
of citizens through the proper
and efficient collection and
disposal of solid waste.*

Public Works - Solid Waste District

City of North Port Fiscal Year 2007 Adopted Annual Budget

Public Works Department – Solid Waste District

Description of Services Provided

- Once a week collection of residential household garbage, recyclable material, and yard waste.
- Special collection of residential bulk waste, appliances, e-waste, trash, and construction debris.
- Daily/weekly collection of commercial waste, recyclable material, trash, and construction debris.

Department Message

FY 2005-06 Major Accomplishments:

- Restructured the administrative and field personnel by increasing the management staff providing more efficient field supervision.
- Revised Crew Leader salary structure by increasing the hourly rate for new Crew Leaders to \$13.65 per hour and increasing existing Crew Leaders' hourly rate to \$14.00 per hour.
- Established an equipment maintenance program which includes weekly inspection and cleaning of vehicles and equipment and timely scheduling for routine maintenance, repairs and return to service.
- Improved customer service in both the administrative and operational areas of the division which has enabled staff to handle customer service requests in a more timely and efficient manner.
- Clean-Up Efforts. The Solid Waste District staff played a key role participating in the following clean-up efforts:
(a) Great American Clean-Up on May 20, 2006; (b) Annual Clean-Up Day on April 8, 2006 with the Northwest Port Charlotte Community League and (c) Keep Charlotte County Beautiful Committee and Coastal Clean-Up Day on September 16, 2006.
- Membership on Various Committees: A member of the Solid Waste District staff serves on the following committees: (a) Keep Sarasota County Beautiful Committee; (b) Sarasota County Solid Waste Management Citizens Advisory Board and (c) Charlotte County Illegal Dumping Committee.

Significant Budgetary Changes

The Solid Waste District's operating budget is \$7,140,784, an increase of \$646,559 over the adopted budget of FY 2005-06.

Revenues

The Solid Waste District has limited revenue sources with district assessment being the primary revenue source. For FY 2006-07, the assessment rate for each single family residential home will remain at \$ 209. The breakdown of revenue is (1) District Assessments - \$5,171,078, (2) Commercial Collections - \$428,000, (3) Service Initiation Fees for new single family residences - \$234,000 and (4) Other -\$1,307,706.

Expenditures

A total of \$895,000 has been allocated to fund the purchase of new vehicles and equipment. There has been \$172,398 appropriated to (1) Reclassify all of the Solid Waste Collector positions and 5 of the 7 Solid Waste Helper positions to Solid Waste Refuse Equipment Operator positions and (2) Hire a new Solid Waste Foreman. Reclassifying the Refuse Equipment Operators will provide a more versatile workforce within the Solid Waste District. In addition, the new Solid Waste Foreman will assist the Solid Waste Superintendent with the daily operations of the Solid Waste District including all supervisory responsibilities. A total of \$2,154,899 has been appropriated for tipping fees.

**City of North Port
Fiscal Year 2007 Adopted Annual Budget**

Public Works Department – Solid Waste District

Department Message-continued

Workload Measures:

Workload Measures	FY 2004-05 Actual	FY 2005-06 Actual	FY 2006-07 Projected
Household Garbage Collected (tons)	28,431	32,463	39,363
Recycling Collected (tons)	3,000	3,600	4,100
Yard Waste Collected (tons)	1,200	1,700	2,200
Construction & Demolition Debris Collected (tons)	1,700	2,300	3,000

FY 2006-07 Major Goals:

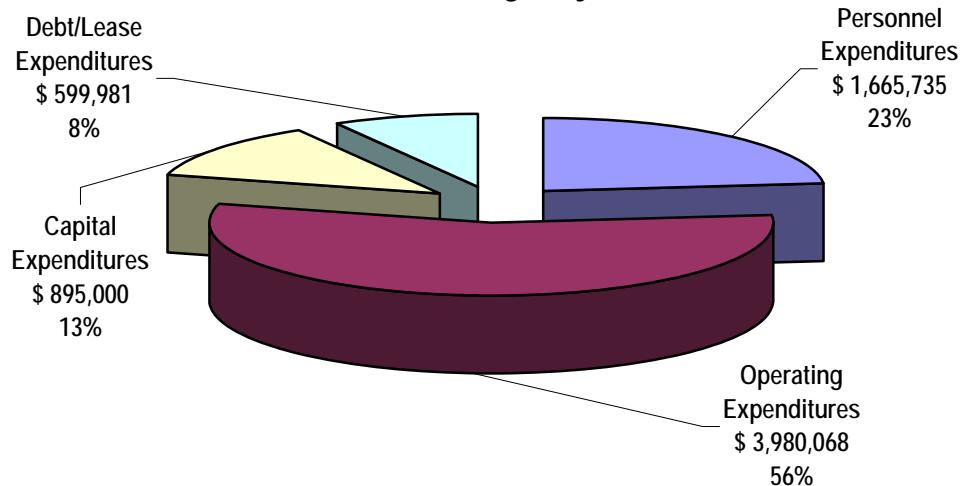

- Hire a Solid Waste Manager to provide proper management, increase level of service and provide suggested improvements to stabilize the district's financial status.
- Increase commercial revenues, special pick-up revenues and bulk revenues.
- Hire a consultant to conduct a Transfer Station study.

ADMINISTRATION

City of North Port

Fiscal Year 2007 Adopted Annual Budget

Utilities

Description of Services Provided

- To provide water and wastewater needs of the broader community.

Department Message

North Port Utilities is pleased to explain the accomplishments of last year, the significant budgetary changes for FY 2006-07, the goals for FY 2006-07 and the Performance Measures through which we will evaluate our success in these areas.

FY 2005-06 Major Accomplishments:

- Started Wastewater Treatment Plant Expansion.
- Successfully transitioned Billing & Collections to City Hall Cashiering Department.
- Secured SWFWMD Cooperative Funding for Conservation/Retrofit Program, ASR Project and Reuse Master Plan.
- Increased Water Consumptive Use Permit from 2 to 6MGD.
- Completed Utility Rate Study/Ordinance updates.
- Completed major infrastructure improvements: High service pumps/VFD project at WTP, Filter Rehabilitation Project, Hillsborough Booster Pump Station, Cycle Test III of the ASR Project.
- Received over \$15 million in infrastructure dedications from developers including new Southwest Booster Pump Station.
- Finalized PR/MRWSA contract to secure future water supply.
- Increase customer service levels to include redesigning of consumer confidence report.

Significant Budgetary Changes

The 2006/2007 Water and Sewer Budget is \$16,983,376 as compared to \$20,627,498 in 2005/2006. This is a decrease of \$3,644,122 or 18% from Fiscal Year 2005/2006. This decrease was expected based on recommendations of the Rate Study, finalized in Fiscal Year 2005/2006. Based on our financial plan, we have extended the timeline of some of the major projects for a few years including San Mateo, North Toledo Blade and Hillsborough water mains and East and West Price and North Toledo Blade force mains. Another reason for the decrease is the previous budget included several capital items including such items as vehicles, phone system, computers, and painting of the bridge crossings, vac con and new meter reading equipment. While this budget decreased overall, some operating accounts increased including an increase in electric, payment to the General Fund, new radio-read meters and the payment to Peace River/Manasota Regional Water Supply Authority for water

City of North Port

Fiscal Year 2007 Adopted Annual Budget

Utilities

Department Message-continued

Workload Measures:

Financial Measures:

The City of North Port Utilities expects:

- To demonstrate financial integrity by obtaining a positive audit opinion.
- To demonstrate financial stability by achieving a rate coverage favorable to the bond rating agencies.
- To demonstrate healthy balance sheet stability by continuing to require development to dedicate infrastructure to the City.
- To actively pursue technologies that will reduce personnel and operational costs.
- To maintain a positive cash flow.
- To expand the pursuit of grant funding.

Customer Information and Satisfaction:

The City of North Port Utilities expects:

- To demonstrate increasing customer satisfaction and public input by conducting customer surveys that will provide a scale showing the degree of satisfaction with changes that have been incorporated over the year and allow for open-ended responses.
- To embrace opportunities that will make it easier for the customer to conduct utility business.
- To expand its commitment to conservation by expanding community outreach of conservation programs.
- To demonstrate exceptional customer service by expanding customer service programs and higher accountability expectations of employees & management.

Employee Satisfaction:

The City of North Port Utilities expects:

- To demonstrate a strong commitment and relationship to our employees through higher than city-wide average retention rates, embracing and encouraging educational opportunities, training, and communication and compensating and rewarding our employees as appropriate.

FY 2006-07 Major Goals:

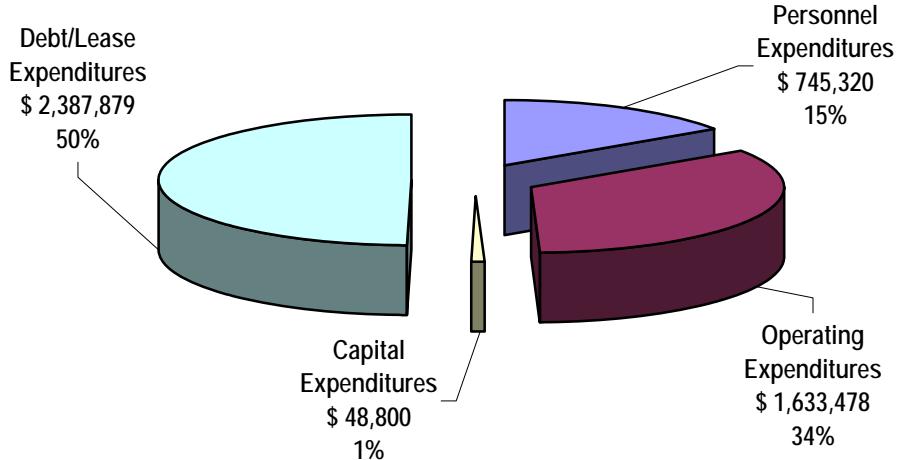

- Develop a financing plan for Wastewater System Expansion.
- Implement hydraulic modeling of utility system.
- Develop the Neighborhood Improvement Assessment Project.
- Begin new initiatives, Radio-Read Retrofit Project and Bottled Water Project.
- Complete Cycle Test IV and secure continued funding for ASR Project.
- Maximize Myakkahatchee Creek and Cocoplum drinking water sources and cooperate in regional coordination of enhancement of future water sources and conservation.
- Proceed with major infrastructure projects including upgrade Northeast water storage tank, water/wastewater transmission lines, Cocoplum Intake Structure Project, City complex lift station upgrades, SCADA and begin the Wastewater System upgrade design.
- Develop a Reclaimed Water Master Plan with cooperative funding.
- Continue developing and/or expanding customer service outreach efforts including school programs, internal departments and surrounding communities.

**City of North Port
Fiscal Year 2007
Capital Improvement Plan**

Fiscal Year 2006-2007

Department/Fund:	Utilities - CIAC				
Source of Estimate: (Preliminary, Engineer, Design Phase):	Utility Master Plan				
Project/Item Description:	Justification (if Replacement, note CID, Mileage & condition)				
Spring Haven Dr. Sewer Main.	Construction of 12" pipe between Price Blvd. and Pan American Blvd. for additional wastewater capacity. The current Developer's Agreement requires the developer to contribute to the cost of this line as a contribution in aid of construction so the majority of the cost will be recouped through that process				
Capital Costs by Type					
61-00	Land				\$ -
62-00	Buildings				\$ -
63-00	Improvements Other than Buildings				\$ 275,000
64-00	Machinery/ Equipment				\$ -
Other	Other/Design				\$ 55,000
TOTAL COST	\$ 330,000	\$ -	\$ -	\$ -	\$ 330,000
Funding Source for Project: (identify by fund number)					
420	Operational Budget				\$ 175,000
	Developer's Agreement				\$ 155,000
					\$ -
					\$ 330,000
<i>Note below any increase in operating costs related to this expenditure (Fuel, maintenance, service contracts, etc.)</i>

City of North Port Fiscal Year 2007 Adopted Annual Budget

Building Department

Description of Services Provided

- Business Occupational Licensing.
- Contractor Certificate of Competency Licensing.
- Compliance with local ordinances through Code Enforcement.
- Plans review for all new development and improvements to properties.
- Permitting and inspections to insure code compliance for all new construction and remodeling.
- Provide zoning information to include information on land use and regulation of varies environmental concerns.

Department Message

FY 2005-06 Major Accomplishments:

The key accomplishment of the Building Department is the ability to maintain a level of service providing one of the fastest processing time in the state and maintaining an inspection schedule allowing for inspections to be scheduled on four-hour increments. Training and education for in-house staff and both local and regional contractors, architects, and engineers has allowed for an easy transition to the requirements of the Florida Building Code.

FY 2005/06 marked the beginning stages of automation of permitting and inspection procedures. Current data and procedures have allowed for an easy transition in next years budget to allow for online services.

Significant Budgetary Changes:

The most significant change in the Building Department budget process involves a separation of funding sources for various functions of the Department. State legislation has defined a requirement for building permit fees to be used solely for the operation of the department. This does not allow for duties other than required for enforcement of the Florida Building Code (FBC) to be funded with these fees. Therefore, the City has created an enterprise fund for all enforcement of the FBC and all zoning and code enforcement functions to be funded from the general fund. This allows for better accountability of expenditures and tracking processes.

Workload Measures:

The Building Department is driven by the amount of permit activity, which creates a standard inspection load. The performance measures are based on both number of inspections generated, and number of permits issued. Inspection staff performance levels are based on 25 inspections per man per day. The variable in this area is the inspectors must be certified in each area they inspect and building inspections are on an average a lot higher per job.

Office staff is a more difficult area to apply specific measures. The customer service representative responsible for data entry for inspections appears to be at the limit when 150 to 200 hundred inspections a day are entered. Permit processing is gauged by the number of days it is taking to issue a permit. Our customer service standard for this process time is one of the highest in the state.

**City of North Port
Fiscal Year 2007 Adopted Annual Budget**

Building Department

Department Message-continued

FY 2006-07 Major Goals:

The primary goal of the Building Department is to complete phase 2 implementation of advanced technology through the upgrade of the current HTE system and begin data entry by inspectors from the field using laptop computers. This years' budget has begun the transition from desk top computers to laptop computers for all field inspection positions. We are currently testing different air cards for the best City coverage and began field testing of inspection data entry.

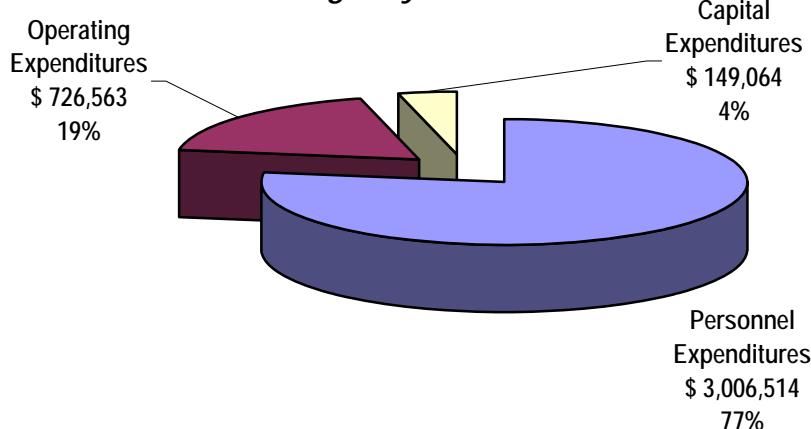

It is the intent to have all inspection personnel completing field data entry during the year and begin an additional phase allowing contractors to access inspection results and permit status online. The final phase will be the ability for our customers to apply and obtain permits online.

OTHER FUNDS

FLEET MAINTENANCE FUND

North Port City Hall

City of North Port

Fiscal Year 2007 Adopted Annual Budget

General Services – Fleet Maintenance Division

Description of Services Provided

- Responsible for the repair and maintenance of the four hundred fifty-one (451) vehicles and heavy equipment comprising the City's fleet.
- Responsible for the recommendation, procurement and receiving of the entire City's rolling stock.
- Responsible for the administration of the Wright Express Fuel Card System and the inventory compliance requirements of the Emergency Fuel Storage Tank System.
- Responsible for the development and implementation of the Vehicle Replacement Policy and the Vehicle Use Policy for all departments in the City.

Department Message

FY 2005-06 Major Accomplishments:

- Completed the Vehicle/Equipment Audit on the entire rolling stock of the City of North Port.
- Finalized the conversion of the pole barn into a working maintenance garage facility.
- Supervised the removal of the underground storage tanks (UST) from the Road and Drainage facility.
- Integrated seventy nine (79) vehicles/equipment into the fleet of the City of North Port.
- Updated the Vehicle Replacement Policy and the Vehicle Use Policy.
- Facilitated the scheduling of vehicles/equipment by computerizing the work order request process.

Significant Budgetary Changes:

The budget for the Fleet Maintenance Division is \$2,225,318, an increase of 5% from the adopted budget of FY 2005-06. The Personnel Services expenditures account for a major portion of the costs and total \$815,165. The budget reflects a labor charge of \$64.00 per hour for each mechanic, and the budget assumes 16,308 hours billed. It is anticipated, that at this labor rate, that the Fleet Maintenance Division will not require an operating subsidy. In order to more accurately reflect the labor rate, the 10% markup on parts has been eliminated and replaced with the labor charge of \$64.00 per hour. The Operating Expenditures increased \$557,110 primarily due to a \$454,510 increase in repair and maintenance parts for vehicles and equipment.

Workload Measures:

<i>Workload Measure</i>	<i>FY 2004-05 Actual</i>	<i>FY 2005-06 Actual</i>	<i>FY 2006-07 Projected</i>
Total Vehicles Maintained	396	451	532
Repair Orders Processed	4,851	5,352	6,422
Repeat Jobs %	2.6%	2.7%	2.7%

**City of North Port
Fiscal Year 2007 Adopted Annual Budget**

General Services – Fleet Maintenance Division

Department Message-continued

FY 2006-07 Major Goals:

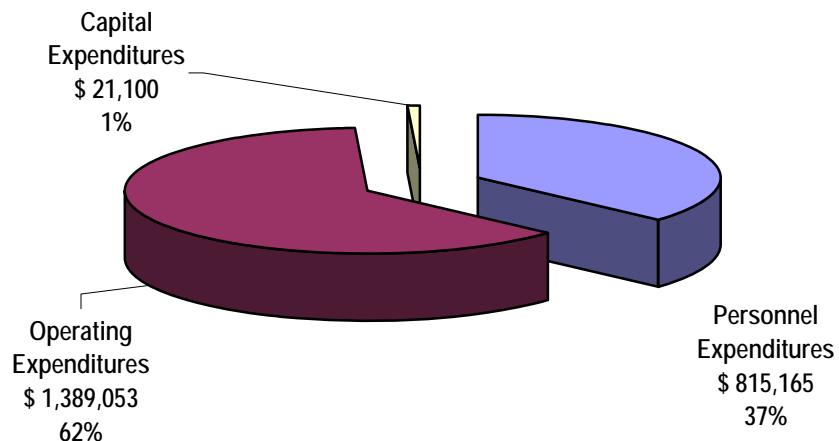

- Investigate the feasibility of purchasing alternative fuel vehicles.
- Update the Vehicle Use Policy and Vehicle Replacement Plan.
- Continue to establish an in house vehicle lease system for vehicle cost recovery based on fixed charges associated with individual equipment types.
- Investigate the feasibility of extending the operational hours of the Fleet Maintenance Facility.
- Establish an in house methodology of tracking internal customer service levels.
- Establish a Fleet Maintenance Committee to determine the vehicle and equipment operational needs of the City of North Port.
- Begin to payback the subsidy/loan to the General Fund.
- Re-establish a maintenance operation at the Road and Drainage Facility.

SUPPLEMENTAL INFORMATION

Financial Policies

The Government Finance Officers Association encourages an active and ongoing discussion of the financial policies of the City, and requires the policies to be included in the budget. Although only provided for reference purposes at this time, City staff has developed a brief list of the policies that we use and follow.

Budgetary and Financial Planning Policies

Guidelines

The City is committed to strong financial operations and to providing a strong precedent for future policy makers and financial managers on the city's financial goals and strategies.

The City will prepare a balanced budget annually.

The budget will provide adequate funding for maintenance and replacement of capital plant and equipment.

The City will not sacrifice the maintenance of buildings, equipment or infrastructure for new projects or programs.

Appropriations of fund balances may be used in the budget; if used for one-time, non-recurring expenditures and if the budget appropriation does not reduce the fund balance below a reasonable level. For operating budgets, the fund balance shall be maintained such that emergency needs may be met and sufficient funds are available to operate before tax proceeds are received.

The City will maintain a budgetary control system that ensures adherence to the budget.

The City will prepare or provide monthly reports for Commission and departments that provide sufficient information to ensure budgets are met.

The city will maintain sufficient working capital and a positive year-end cash balance in each operating fund.

All budgeted revenues and expenditures will consider the goals, policies and objectives as defined in the City's Comprehensive Plan. The Comprehensive Plan is a multi-year vision document created by the Planning and Zoning Department and developed in cooperation with all city departments and with citizen advisory committees. It is the framework for the growth and levels of service in the City. All changes in services shall consider the question, "Is this part of the Comprehensive Plan?".

Balanced Budget

The budget must be balanced for all funds. Total anticipated revenues must equal total estimated expenditures for each fund (Section 166.241 of Florida Statutes requires that all budgets be balanced).

The City will avoid budgetary procedures that balance current expenditures at the expense of meeting future years' obligations.

Revenue Policies

The City will try to maintain a diversified and stable revenue system to shelter it from unforeseeable short-run fluctuations in any one-revenue source.

The City will estimate its annual revenues by an objective, analytical process, wherever practical. The City will project revenues for the next year and will update this projection annually.

The City will charge users full cost as appropriate for specific services that do not improve the health, safety or welfare of its residents.

Administrative Service charges shall be charged from the General Fund to other operating funds. For example, the Finance Department (in the General Fund) provides all accounting, check writing and payroll management services to the other funds. The Administrative charge is an attempt to recoup this cost. Cost allocations are done by an independent firm. The firm applies a double step-down methodology in its cost allocation procedures which provides for the inputting of all allowable costs by cost center identification and the inputting of allocation statistics for the distribution of the identified indirect cost pools.

Capital Improvement Policies

The City will develop a Five-Year Capital Improvement Plan as required by Article XII, Section 12.06 of the City Charter.

The City will coordinate development of the capital improvement budget with development of the operating budget. Future operating costs associated with new capital improvements will be projected and included in operating budget forecasts.

The City will use intergovernmental assistance, such as grants, whenever possible to finance the capital improvement outlined in the Capital Improvement Plan.

The City will identify the estimated costs and potential funding sources for each capital project proposal before it is submitted to the City Commission for approval.

The City will determine the least costly financing method for all new projects.

Debt Management Policies

The City will seek to maintain and, if possible, improve its current bond rating in order to minimize borrowing costs and preserve access to credit.

The City will confine long-term borrowing to capital improvements or projects that cannot be financed from current revenues.

The City will not issue Debt Obligations or use debt proceeds to finance current operations.

Short-term borrowing shall be used sparingly and only after it is clearly demonstrated that the financing arrangement is the least expensive choice.

The City will consider the refunding of outstanding debt when at least a 4% net present value savings or \$80,000 per year can be obtained.

Debt will not be issued for periods longer than the useful life of the project.

Prior to issuing any long-term debt, other than revenue or refunding bond, the City will adopt an appropriate debt limit and debt management policy.

Whenever possible, the City will use special assessment, revenue, or other self-supporting bonds instead of general obligation bonds, so those benefiting from the improvements will bear all or part of the cost of the project financed.

Investment Policies

In accordance with Florida Statute 218.415 to invest surplus funds, the City adopted a separate Investment Policy on April 11, 2005, City Ordinance 2005-13. Topics in this detailed policy include objectives, ethical standards and prudence, authorized investments and diversification, internal controls and reporting.

City of North Port

Budget Process

The City begins its budget process with a Priority and Goal Setting Workshop with the City Commission, City Management and the Public. Departments then meet for the kickoff meeting with the Management Team to discuss the tasks which are needed to achieve the goals and desired outcomes set by the City Commission. At this meeting, fiscal forecasts and budget preparation instructions and guidelines are distributed by Finance and a question and answer session is held.

Throughout the months of March and April, departments prepare their Five (5) Year Capital Improvement Plan with the assistance and coordination of the City's Engineering Department. During the month of April, all City departments meet to discuss the City's Capital Improvement Plan as a whole, and the Plan is then finalized by the City Manager and the Management Team.

The departmental requests are then prepared and submitted to the City Manager. The City Manager reviews the departmental requests and service level recommendations as well as proposed non-ad valorem assessment rates. The proposed budget for the Dependant Districts is presented to the City Commission in June. A workshop is held in June to discuss the District Budget and the City Commission recommends a District assessment rate. If an assessment rate increase is proposed, the City passes a Not-to-Exceed Rate Resolution in June in order to meet Tax Collector's deadline for sending out Notices of Proposed Non-Ad Valorem Assessments.

By July 1, the assessed values for ad valorem taxes are received from the County Property Appraiser stating the legal adoption timetable. The complete proposed budget is presented to the City Commission in July and workshops are held to discuss the budget. Public input is encouraged. The City Commission establishes a proposed millage rate for ad valorem taxes for the new Fiscal Year. Proposed Ad Valorem millage levies must be certified to the Property Appraiser within thirty-five (35) days of presentation of assessed values, and the public hearing dates must be set. The Property Appraiser mails out the Truth-in-Millage (TRIM) Notices in August to all property owners. This notifies all taxpayers of the proposed tax rate, its relationship to the prior year's tax rate, the total taxes based on the proposed rate, and the valuation of each parcel of property. This notice also provides the date, time, and location of the first public hearing to be held by each taxing authority. Once the millage rate is certified, it may not be increased without re-mailing the notices. The TRIM notices are mailed within fifty-five (55) days of the date the Property Appraiser certification of tax values.

In September, two public hearings are held presenting ordinances to adopt the final budget and millage levies. October 1 begins the Fiscal Year. Much of the budget process and the levy of ad valorem taxes are governed by the Florida Statutes Chapter 200. The timetable, public advertising requirements, and the two public hearings to adopt the budget and to levy ad valorem taxes are statutory requirements. The Florida Department of Revenue ensures that taxing authorities maintain compliance with these Statutes.

Since the City adopts the budget by Ordinance, which requires two public readings, the City is required to amend the budget in the same fashion. A budget amendment is required when there is an increase in appropriation of a fund. The City of North Port's budget amendment policy allows for amendments or transfers, not requiring an increase in a fund total, to be granted within the guidelines set by Management.

City of North Port

Glossary of Terms

AFSCME	American Federation of State, County and Municipal Employees. The union and bargaining unit for certain city employees
ASR (Aquifer Storage and Recover)	An underground water storage system where water reserves are stored in a “bubble”, to be used during times of low water availability.
Accrual Accounting	A basis of accounting in which revenues and expenditures are recorded at the time they are earned or incurred. For example, in accrual accounting, revenue which was earned on October 15, but for which payment was not received until November, would be recorded as revenue in October.
Ad Valorem Tax	Latin for “value-based” tax, this is commonly referred to as “property tax”, this is the tax levied on both real and personal property, according to the property’s value and the millage (or tax) rate.
Appropriated Fund Balance	A budgetary use of prior year cash reserves.
Appropriation	A legislative authorization to expend a specified sum of money for a specified purpose, for a limited period of time. North Port’s appropriations are for an annual budget, from October to September.
Assessed Valuation	A value established for real and personal property for use as a basis for levying property taxes.
Budget	A plan of financial activity for a specified period of time that indicates all planned revenues and expenditures for the specified period.
Budgetary Basis	The basis of accounting used to estimate sources and uses of funds in the budget. Generally, North Port uses a modified accrual method, which is considered conservative, because it recognizes revenues when they are measurable and available, and expenditures are recognized when the related liability is incurred.
CDBG	<u>Community Development Block Grant</u> . A group of federal grants used for improving blighted areas.
Capital Improvements Programs (CIP)	A plan for capital outlay to be incurred over a fixed number of years. The first year of a CIP is usually called the Capital Budget.
Click2Gov	Software that facilitates on-line payments, for customers of the City.
Contingency	A budgetary expense reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted. North Port requires Commission approval prior to spending Contingency funds.

DEP	D epartment of <u>E</u> nvironmental <u>P</u>
Debt Service	The amount of the principal and interest payment on a loan or bond.
Encumbrance	The commitment of appropriated funds to purchase an item or service.
Enterprise Fund	A proprietary accounting fund. The rate schedules of enterprise funds are established to ensure that revenues are adequate to meet all necessary expenses.
FEMA	<u>F</u> ederal <u>E</u> mergency <u>M</u> anagement <u>A</u> gency. A federal agency that provides assistance during emergencies, and provides grants for emergencies, including emergency food and shelter.
Fixed Asset	Any item or project with a value of more than \$1,000, and a useful life of more than one year.
FTE	Full Time Equivalent, a measurement of positions in the City. Two part time positions may equal one FTE.
Fund	An accounting entity that has its own revenues, expenditures, assets and liabilities that are segregated from other sets of moneys. A fund is set up for the purpose of carrying out a specific purpose or activity. Much like Corporations have subsidiary companies, governments have funds.
GIS	<u>G</u> eographic <u>I</u> nformation <u>S</u> ystem-A computer program that is used to locate infrastructure and structure within the City, using specific data points.
General Fund	The principal fund of the City, the General Fund is used to account for all activities not included in other funds. General Fund revenue sources include property taxes, licenses, permits, fines and forfeitures, and sales taxes. Operating services from this fund include police protection, fire protection, general government administration, planning and recreation.
Homestead Exemption	A property owner may receive up to \$25,000 exemption on the value of his property for the home in which he lives. For example, if a homeowner lives in his house, which is assessed at \$100,000, he only pays taxes on \$75,000, which is the assessed value minus the full homestead exemption.
IAFF	<u>I</u> nternational <u>A</u> sociation <u>F</u> ire <u>F</u>

Impact Fees	Charges imposed by governments against new development as a total or partial reimbursement for the cost of additional facilities made necessary by the growth. The purpose of the charge is to impose upon the newcomer, rather the current population, the cost of new facilities necessitated by his arrival.
Interfund Transfers	The movement of moneys between funds of the same governmental entity.
Interfund Charges	These are transactions between funds, which would be accounted for as revenue or expense if they involved an outside entity. A major example in North Port would be Fleet Service Charges or administrative charges from the General Fund to the other operating funds.
Internal Service Charges	Specific Interfund Charges from an Internal Service Fund like Fleet Maintenance to a user, based on a logical allocation of cost.
Internal Service Fund	A separate accounting entity or fund that provides goods and services to another entity within the same government. Charges are made to the user department as if provided by an outside entity.
Mill	The property tax rate that is based on the valuation of property. A tax rate of one (1) mill produces one dollar of taxes on each \$1,000 of assessed property valuation.
Modified Step Allocation Method	A mathematical method of charging (or allocating) service costs (such as Finance, Human Resources or City Clerk) to production funds (such as Road and Drainage, Solid Waste and Utilities). The backup for the city's process can be found in the Finance Department.
Ordinance	A special order of the Commission which requires two public readings and ten days of public notice prior to passage.
Personnel Services	All costs related to compensating employees, including salaries, and benefits.
Revenue Bond	A bond backed by a specific or guaranteed revenue stream.
