I. STATEMENT OF POLICY

This policy includes the procedures and the methods for the public to provide comment to the City Commission in public meetings and workshops.

II. DEFINITIONS

- A. Communication Media Technology (CMT). CMT includes one or more of the following: the electronic transmission of printed matter, audio, full-motion video, freeze-frame video, compressed video, or digital video by any method available.
- B. Meeting(s). As used in this policy, the word *meeting* includes regular meetings, special meetings, and workshops of the City Commission.

III. POLICY AND PROCEDURE

A. General.

1. Opportunities for Public Comment.

- a) General Public Comment. Every meeting agenda will include an agenda item for general public comment near the beginning and the end of the agenda. A public comment does not have to relate to an agenda item and may be on any subject.
- b) Consent Agenda Items. Prior to the vote approving the Consent Agenda, the presiding officer will recognize persons wishing to provide public comment. All public comment made at this time must relate to an item on the Consent Agenda. If an item on the Consent Agenda is pulled for discussion, anyone wishing to provide public comment on the pulled item may do so when the item is considered by the Commission.
- c) Public Comment on Agenda Items. Prior to a vote on an agenda item, the presiding officer will recognize persons wishing to provide public comment on the item.
- d) Public Support on Agenda Items. When a person is recognized to provide public comment the City Clerk staff will announce the support or opposition of the person to the agenda item when that information appears on the public comment request card. A person is not required to make a public comment in order to submit their support or opposition to an agenda item and have that opinion read into the record.

2. Questions. All questions from the public to the City Commission will be addressed through the Mayor. The Mayor will handle the questions in the manner that the Mayor sees fit.
 3. Time allowed. Each person will be permitted to make public comment for a limited amount of time as provided for in each method. A commenter's time may not be transferred to another commenter and may not be duplicated by using multiple methods.
 4. Connections. Each person who chooses to use CMT for public comment will be responsible for the capability, compatibility, set-up, and connections for the person's hardware, software, internet service, and electronic devices.
- B. Methods. Persons interested in making public comment may do so by:
